In your book: A or B, with one feature that supports your choice.

Which review gives you evidence you can check?

A: 'It is amazing. Everyone will love it.'

B: 'Flow draws my eye because its small orange circle contrasts with the blue bands.'

Choose A or B. Point to the evidence in the artwork.

Write, draw or stick your answer here.

I do · key model

In your book: One feature from the model and a word or symbol for its possible effect.

Step 1 — Describe the evidence

'Flow has three broad curved bands and a small orange circle. The pale spaces keep the forms apart.'

Step 2 — Explain a judgement

'The repeated curves feel calm to me because my eye can follow them across the image. The orange circle adds a contrast in colour.'

Step 3 — Qualify and recommend

'Another viewer may find the open space empty rather than calm. I would recommend this to someone who enjoys simple abstract shapes, because the curves and circle give them a clear colour contrast to explore. My view is based on this image; I do not know its maker's intention.'

Record one key link or step.

1. Choose Flow or Crossing and record its title.
2. Describe two features you can point to.
3. Explain how those features support your judgement of the work.
4. Add another possible interpretation or a limit to your review.
5. Recommend the work to a particular audience. Give a reason linked to the work.
6. Check one claim against the image. Share it with your chosen listener and confirm or correct what they heard.

Help: Feature → effect → judgement. 'Another viewer might ___. I recommend it to ___ because ___. My evidence is limited to ___.'
