I can show how a lamp can mean more than light.

A festival

Diwali is a festival.

Many Hindus use small lamps.

People may mark Diwali in more than one way.

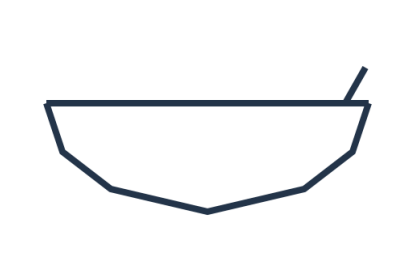

Three small unlit lamps sit in a row.

A lamp and its meaning

A lamp gives light.

The light can stand for good winning over bad.

It can also stand for learning, like a new idea that helps us see.

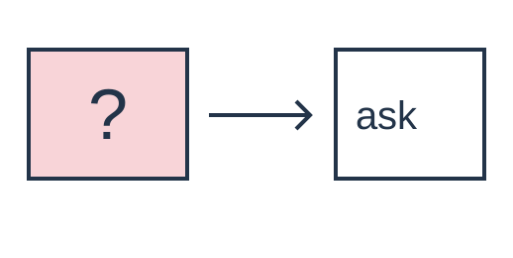

A small unlit lamp has a bowl and a short wick at one edge.

Show care

Ask before you touch an object.

Listen when a person speaks.

You can learn without joining in a prayer.

A question mark points to the word ask.
