My four choices and reasons

White standard edition

Talk about what is right and wrong, simply.

Say your reasons, or use your book. An adult may scribe your words.

One reason for every card

A I chose right / wrong / not sure because ____.

B I chose right / wrong / not sure because ____.

C I chose right / wrong / not sure because ____.

D I chose right / wrong / not sure because ____.

Check

Have I made a choice for A, B, C and D?
Have I given a reason for each one?

For not sure, say what we need to know. You may hear each card again.
