Four invented cards

These cards are about no real person.

Your task

1 Listen to Card A, then B, C and D.
2 For each card, choose right, wrong or not sure.
3 Give one short reason for each card. Say it, or write one line in your book. An adult may scribe your words.

Words to start

This is right because ____.
This is wrong because ____.
I am not sure because ____.

Think about the action

Who is affected?
Is it fair or caring?
Do we need to know more?

Keep one choice and one reason for A, B, C and D. You may ask to hear a card again or take a quiet pause.
