Wash up: step cards

First wash, rinse and drain. Then clean the space and check.

Point, say, draw, write or use an aid. Ask for help or a pause.

Only use the kit and water the adult has checked. The adult handles the soap and all cleaning bottles.

Step	What to do
1 · Clear	Clear the used kit. Ask the adult where water goes.
2 · Wash	Use the dish cloth and soapy water. Wash each side.
3 · Rinse	Use clean water to take the soap off.
4 · Drain	Place the item on the rack. Let it dry.

Wait for your turn. Ask for help. Leave wet kit on the rack; do not put it in the cupboard yet.

Clean the space and check

Use a fresh cloth for the work space. Keep it apart from the dish cloth.

Step	What to do
5 · Clean	Use the cloth and solution the adult gives you. Wipe the work space.
6 · Check	Check the kit, space and floor with an adult.
7 · Hands	Wash your hands with soap and water. Dry them.

Help cards

What happens	What to do
Water spills on the floor.	Stop. Keep clear. Tell the adult.
A step is hard.	Stop and ask for help.
The item is still wet.	Leave it on the rack to dry.
A bottle is in the way.	Ask the adult to move it.

Please help me with _____.
I have done _____.
I need to check _____.

Point, say or use an aid. A dry practice can help you learn the steps. It does not show that you have washed the item.
