Teacher cover

Follow a two-step recipe

Friday 20 November 2026 · one 40-minute lesson · Year A

Term theme: Identity & Belonging

Thread tags: SMSC S/So (M/C: none); British Values IL/MR (D/RL/T: none).

Objective
Follow a 2-step recipe with support.

Source: scheme_references/BUILD_SOW.xlsx; BUILD Weekly - Autumn, C139. Independence / vocational strand; Friday slot confirmed by the owner.

Big question and success checks
What comes first? What comes next?

Find the first step. Follow both recipe steps with support. Show what I did and the help I used.

Evidence
VOCATIONAL-BUILD-A2-W03-E1: A dated individual observation of the two recipe steps, their order, actual support and any unfinished action; the learner gives a check or help request and a next step.

Prepare
Print the two Evidence Sheet and two Support Cards pages and a Vocabulary Mat. Prepare a separate adult model and one checked set per learner: stable tray, unbreakable bowl, spoon and two numbered pots. Pot 1 holds a small amount of ready-prepared soft fruit; pot 2 holds plain yoghurt. Staff choose portions, texture and any safe substitute in advance. Arrange handwashing, chilled storage and supervised turns.

Calendar and progression
Year A. Autumn 2 Week 3: 16–20 November 2026. Friday 20 November 2026, one 40-minute taught lesson. No clock time is specified. Weeks 1–6 are formative; Week 7 is assessing.

Week 3 builds on snack planning and cleaning up by following a two-step recipe. Week 4 recognises jobs through the tasks people do. The community-project strand is not used.

Careers
This helps me follow a task in order and ask for help.

Teaching sequence

Slide	Min	Teaching action
1	0	Read the objective, big question, theme and careers line.
2	3	Offer a pause, usual aid and agreed help.
3	3	Recall planning and clean-up. Show checked bowl, spoon and numbered pots; wash and dry hands before food work.
4	0	Read the objective and three success checks.
5	5	Use a separate adult set. Model recipe step 1, then step 2, with the card visible.
6	5	Show the part-finished adult set; use the hinge and recheck.
7	12	Each learner follows the two recipe steps in a supervised turn. Record actions, order and exact prompts.
8	6	Finish the individual record. Safely observe any short unfinished action; retain gaps.
9	4	Give one prompt and a safe retry if useful. Clear the kit; staff manage food and storage.
10	2	Learner shows what came first and one help or check used.
11	0	Keep the word mat visible; explain words in the task.
12	0	Hidden staff brief: read the food checks, access route and evidence protocol.

Hinge response and reteach

On the separate adult set, show fruit in the bowl and pot 2 still full. Ask: “Do step 1 again, or use pot 2 for step 2?” Expected: add pot 2 and stir gently. If unsure, point to the step number, ask a short question, rephrase, offer a choice, then model only the first needed action. Recheck on the adult set and record support during the learner’s own turn.

Routes

Supported: Present one numbered card and matching pot at a time. Read the instruction, allow an aid or adapted grip and offer agreed physical support with consent. Record what the learner did and what the adult did.

Independent: Use both numbered cards to carry out the two steps with the agreed adult safety supervision. Check the order and ask for help when needed. Record support actually used.

Aspire: Complete the same two steps, explain why the order helps and use the card to spot a missed action. No new recipe, extra ingredients or equipment is introduced.

Safe teaching and evidence

Boundaries and practical support

Before bringing food into the room, staff check individual allergy, dietary, texture and swallowing needs privately, ingredient labels, use-by dates, storage and cross-contact controls. Plain yoghurt contains milk; alternatives also need checking. Staff wash and prepare fruit, portion ingredients, clean equipment and arrange a safe work surface. Keep chilled food refrigerated until use and follow storage instructions. No heat, blades, glass or raw animal foods. Learners use only their own checked pots and kit; no sharing or tasting is required. Staff manage spills, products, food storage or disposal and the setting's emergency procedures. If food work cannot be made safe, use a dry rehearsal and record practical work as not yet observed.

Use Support Cards page 1. A small group can have one supervised turn of about three minutes per learner; prepare extra supervised stations or record unfinished turns if more time is needed. Read and point as needed. Capture actual learner action, sequence and exact support during the task; an adult doing a step is not the learner doing it.

Keep unobserved actions or unpresented cards as gaps. Record reading, reduced choices, prompts, models and adult actions. A group answer is not individual evidence.

Evidence and feedback

A dated individual observation of the two recipe steps, their order, actual support and any unfinished action; the learner gives a check or help request and a next step.

Use VF · WS · I · NS+ (Yellow Box) · // self-edit · ? read back · R responded · E evidence. R requires Voice, Audience, a specific NS+ prompt and the learner response in their own colour. E is used only when actual work is banked. Keep the first try and any later change separate.

No qualification mapping, attainment level or completion is inferred. Staff confirm any mapping from actual evidence.

Voice, theme and threads

Offer speech, pointing, drawing, writing or the usual aid. Ask what help makes the task accessible. Respect a pause without requiring a reason.

S: reflect on a useful daily skill. So: listen and share task talk. IL: choose a response mode and ask for support. MR: respect different needs, roles and contributions without ranking people. No other thread is claimed.

Communication portfolio

A task explanation or help request may be offered to the Communication portfolio. Keep the learner's actual response and support; staff confirm any mapping.

Reflection

Next teaching need: _____

Learner request and change made: _____

Provenance: inspected weekly scheme line and the owner's strand, date and Friday-slot decision. Activities, examples and careers lines are newly authored from the objective.
