The aim

I can make three slides easier to read and navigate.

Steps

1. Complete the Independent task first.
2. Check what is lost if the chart image is not seen.
3. Improve the description without repeating every word.
4. Explain why colour alone is not enough.
5. Check titles, order and text in the saved file again.
6. Save a v2 copy and keep your earlier v1.

Success

[ ] I used clear titles and readable text.
[ ] I described the chart and checked the reading order.
[ ] I explained one change, then saved and reopened my slides.
