Standard workplace pack

Workplace expectations & behaviours.

Our paper-pack business is invented. Use Support Cards for the order, roles, five expectations and scenarios. Book or usual aid first. This pack is a reusable reference.

Your task

Match four cases to expectations and explain two responses. Agree roles, carry out and check the order, then complete the five-row self-assessment with an evidence example and a next step. Keep normal access aids.

Scenario choices

Read A, B, D and F. Match each to an expectation. Explain a useful response for two cases using the facts. More than one label may fit if you explain it.

During the order

Agree preparer/checker roles. Explain how you will check both packs. Complete one round, share a useful update, reset and swap. Keep the order in view. Ask for clarification when needed.

Frames

“The expectation is ... because the card says ... .” “My response would be ... .” “The order asks for ... so I will check ... .”

Access

Use normal aid, reading help, typing or exact scribe. Adult can be your partner. Ask for private help; pass, pause and return. No personal work story is required.

Standard self assessment

Review today’s simulation. In your book or Type instead, give one rating for each expectation.

Expectation	Evidence prompt
Readiness and reliability	I checked the task and materials or asked for help to get ready.
Respectful communication	I listened or read and used a clear question or reply.
Instructions and quality	I checked a step or the finished packs against the order.
Safety and help	I kept the area clear or asked before doing an unclear task.
Teamwork and responsibility	I agreed a role, shared a useful update or reported a mistake.

Choose honestly
I did this; I did this with a prompt; I need another try; Not seen today. Keep the actual clue. Normal aids help access; note prompts that supplied the thinking. There is no total score.

Next step and response
Choose one action you can practise, with help and a check time. Show an adult privately. Keep the first try, one NS and your reply. Example: “Next round I will check both packs against the order.” This example is not your evidence.

Private help
A trusted adult or the school’s help route. Point to HELP, pass or pause if needed.
