Supported work shift pack

Experiencing work: placement/simulation.

Use the same invented paper-pack business, order and four task cards. Book/usual aid default. This is a classroom simulation unless school has arranged a real placement.

Your task

Keep four numbered task cards, a short checklist, model and sentence starts. Read one step at a time; use usual aid, pointing, voice, typing or exact scribe. Adult can partner. Make your own brief log/reflection and five honest self-ratings.

Short checklist

1 Get order and materials ready; choose role. 2 Make or check packs against the order, reset and swap. 3 Record what you did and what is unfinished. 4 Tell the next person what is ready or needs checking.

Model and frames

Model: one checked pack and one still needing a check. “I did ... . This is ready ... . This needs ... .” Keep the model; use your own actual progress. “One thing went well: ... . One thing was hard/unclear: ... .”

Access

Adult can read a step or partner. Point, use usual aid, type or use an exact scribe. Keep names out and ask for private help. Pause or reduce repeated work if needed.

Placement replacement

If school arranges a real placement, it replaces this simulation. Use the reflection sheet unchanged and record the actual date, task and mode. The classroom twelve-minute list is not the real-placement schedule.

Supported reflection and review

Use the neutral reflection pages unchanged for either mode. Record actual activity; mark pending if it has not happened.

Short reflection

What did I actually do and hand over? What went well, with an example? What was hard, not tried or unclear? What help or next step would be useful? Nothing hard today is valid.

Week 1 expectation	Evidence clue
Readiness and reliability	I checked the task and materials or asked for help to get ready.
Respectful communication	I listened or read and used a clear question or reply.
Instructions and quality	I checked a step or finished work against the instruction.
Safety and help	I kept the area clear or asked before doing an unclear task.
Teamwork and responsibility	I agreed a role, shared a useful update or reported a mistake.

Rate and improve

For each: I did this; I did this with a prompt; I need another try; Not seen today. Use your own evidence. Normal aids are access, not automatically answer prompts. Keep first try, one NS and your reply; agree help and when to check the next step.

Private help

Trusted adult or school help route. Adult can partner; voice, aid, writing, typing or exact scribe valid. Pass, pause or return with help. No personal employment account needed.
