Work experience reflection

Use actual work from the half term or a real placement only if it happened. Keep the activity date, mode, task, role and work reference. Do not add real employer, person or place names. Use your book or usual aid; Type instead is optional.

What I did
What task or role did I actually try? What work shows it?

What I learned
What did I learn from doing or checking the task?

What I would do differently
What would I change next time, and what help would be useful?

Which expectations I met
Which expectation fits my evidence? Keep any gap visible.

Five expectations from Week 1

Expectation	A clue to review
Readiness and reliability	I checked the task and materials or asked for help to get ready.
Respectful communication	I listened or read and used a clear question or reply.
Instructions and quality	I checked a step or finished work against the instruction.
Safety and help	I kept the area clear or asked before doing an unclear task.
Teamwork and responsibility	I agreed a role, shared a useful update or reported a mistake.

Use actual work. Keep a gap or untried part visible. A model is an example, not your own experience.
