Week 7 Lesson 2 • Part D • 14–18 December 2026

I can practise my share and check that my records can be found.

I can share what I enjoyed and learnt with a listener.

I can use a response to make my share clear.

I can find my work and check the file count.

rehearse — To try your share before the real event.

response — What someone says, signs or shows back to you.

index — A list that shows where to find each record.

file — A saved record with its own name.

My record: D_Share.pdf • page 2; Evidence_Index.pdf • pages 1–2

The real share has its own date, audience and record.
