Outcome and kit

Health & safety at work.

Slides, Support Cards A–D/signs, tier pack, vocabulary and book/typed card. Use pictures only. Do not create a spill, obstacle or unstable stack. Same invented paper-pack business as Week 1.

Run the lesson

Time	Action
0–5	Retrieve safety/help; offer response mode and pause.
5–13	Model A: box/route, trip/fall, keep clear/report, supervisor removal/check. Read four sign shapes/messages.
13–23	Compare A/D; match signs. Model a report. Main B: warning alone does not remove hazard. Parallel A: pause/ask if unclear.
23–35	Tier prompt, learner B or C card, short report through usual mode. Adult may partner.
35–40	Private check, one NS/reply. Keep individual risk/control card and report.

Check and help

Hazard is a cause of possible harm; risk includes chance and severity; control reduces risk. Words and shape carry sign meaning, not colour alone. Keep clear, tell supervisor/adult and wait for appropriate action/check. Normal aids, exact scribe and private response valid.

Safety and evidence

No real cleanup, moving stacks, climbing, PPE trial or equipment use. Follow usual school procedure for real concerns. Trusted adult/help route, pass/pause/return. Keep actual card, help, first try, NS/reply; offer to Communication portfolio.
