Teaching script 1.

Arrival · 4 min.

Invite a private regulation check. Green · Ready, Amber · Help, Red · Pause. Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step. Offer a quiet start, usual aid or pass. Use the cue and accept the pupil’s usual communication mode.

Starter · 3 min.

Starter question 1 revisits last week. Take one minute for recall and reveal. Why does slate work well on a roof? Cue: Flat sheets · keeps water out. Expected: Slate splits into flat sheets and keeps rain out. Then ask: A builder wants to make a strong step. Should they pick granite or chalk? Expected: Pick granite because it is hard and will not crumble. Use the job cards to pick a good rock and a bad rock.

Teaching script 2.

I do · 5 min.

Say why one rock fits and one fails. Read the job card. Pick a rock that fits and say why. Pick a rock that fails and say why. A busy step needs a hard rock. Granite fits because it is hard. Chalk fails because it crumbles under feet. Compare two rocks for the same job. Name the feature for both rocks. Use hard, soft, flat, or soak.

We do · 8 min.

Why would granite fail as board chalk? Ask for a choice and a reason before revealing. A. It is too hard and scratches the board. Board writing needs a soft rock that leaves dust. Why would sandstone with soft grains be a poor choice for a wet sink top?

Teaching script 3.

You do · 13 min.

Encourage pupils to state both why the chosen rock works and why the alternative fails. In your book, pick two job cards. Name the rock that fits each job. Name a rock that fails and say why. Supported route. Pick the best rock for two jobs. Say one word why it fits. Independent route. Write a good rock and bad rock. Give a reason for both. Aspire challenge: Check three jobs. Explain both feature clues. Choice route. Pick a route and mode. Show a good and bad choice.

Teaching script 4.

Review · 4 min.

Check your failure reason. Add what would go wrong. Optional. Respond to feedback with an adult. You may pass. Mark R only after the pupil has responded to feedback with an adult. Keep the first response and any change separate. Edit in the same colour, on the same page or usual mode.

Exit · 3 min.

Ask the two route checks. What helped you most today, or what would you change next time? Point, speak, sign, draw, write or choose. You may pass. Accept the pupil’s own example or a pass. Record their own words and actual support. At check-out, record E for — against the pupil's target.
