Cover front sheet.

Keep a rock test fair: show what you know.

Today I can.

I can spot an unfair step. I can fix the test plan. I can compare fair results.

Stage timings.

Review.	4.
Exit.	3.
Total.	40.

Print list.

Print one tier pack per pupil, one Pupil Resources master, one Word Page and Knowledge Organiser per pupil who needs them, and one TA Brief per supporting adult.

Keep one Staff Answers and one Teacher and Cover Plan with the teacher. Answers are also in Teacher answers in this plan.

Green · Ready, Amber · Help, Red · Pause.

Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step.

Catch-up · Look at the 1 drop and 3 drops picture with an adult. Say how to make both equal. Join at card A.

At check-out, record E for — against the pupil's target.

Made by Matt

TA Brief.

Starter question 1 revisits last week.

Green · Ready, Amber · Help, Red · Pause.

Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step.

At check-out, record E for — against the pupil's target.

Exit pupil voice.

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Read or scribe the pupil’s own words. Record actual support and one work reference.

Guidance.

Use dry paper cards and small dropper checks only. Wipe any water right away. You may pass.

Formative practice. Record actual actions, support and gaps.

Accept the pupil’s own example or a pass. Record their own words and actual support.

Made by Matt

Preparation and safety.

Prepare the six fair/unfair check cards and dry rock comparison results.

Use dry paper cards and small dropper checks only. Wipe any water right away. You may pass.

Made by Matt

P17 · SLT planning and evaluation.

Spot and fix an unfair step in a rock check and compare fair results.

Embedded catch-up.

Look at the 1 drop and 3 drops picture with an adult. Say how to make both equal. Join at card A.

What needs re-teaching.

What changed after feedback.

Made by Matt

P18 · Individual target opportunities.

Opportunity.	Observe.
Communication.	Explains or directs a response.
Reasoning.	Links a fact to a choice or check.
Self-regulation.	Chooses an aid or a pause.

Pupil ID.

Individual target.

Actual response and support.

Adult deployment and responsive feedback.

The teacher models the task. The supporting adult reads, steadies or scribes as agreed. Keep the choice with the pupil.

Optional. Respond to feedback with an adult. You may pass.

Mark R only after the pupil has responded to feedback with an adult.

Offer one specific next step. Hear or read the pupil response. Reply and adapt the next cue when needed.

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Teaching script 1.

Arrival · 4 min.

Invite a private regulation check. Green · Ready, Amber · Help, Red · Pause. Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step. Offer a quiet start, usual aid or pass. Use the cue and accept the pupil’s usual communication mode.

Starter · 3 min.

Starter question 1 revisits last week. Take one minute for recall and reveal. In a fair rock check, how many things should we change? Cue: Change one thing. Expected: Change only one thing, the rock sample, and keep the rest the same. Then ask: Sam puts 1 drop on Rock A and 5 drops on Rock B. How can we fix Sam's test? Expected: Put the same number of drops on both Rock A and Rock B. Read the check cards, spot any unfair step, and fix it.

Teaching script 2.

I do · 5 min.

Spot the unfair step and fix it. Read what was done to both rocks. Spot what did not stay the same. Change that step so both match. Card C gives Rock A one drop and Rock B five drops. That is not fair. Fix it by giving both rocks three drops. Only compare results from a fair test. Keep drop count, tool, and time the same. Then use the result to answer the question.

We do · 8 min.

Rock A is wet at the start and Rock B is dry. How do we fix the test? Ask for a choice and a reason before revealing. A. Start with both rocks dry. Then we can see what the new water drop does. In a fair test with 3 drops each, water soaked into sandstone and stayed on slate. Which rock keeps rain out?

Teaching script 3.

You do · 13 min.

Ask pupils to name the exact step that was unequal and state the exact equal step to replace it. In your book, pick two test cards. Say if each test is Fair or Unfair. Write how to fix the unfair test. Supported route. Spot one unfair card. Say how to make it fair. Independent route. Judge two test cards. Write the fix and best rock. Aspire challenge: Judge four test cards. Explain why unfair results mislead. Choice route. Pick a route and mode. Show a spotted mistake and fix.

Teaching script 4.

Review · 4 min.

Check your fix. Did you say what both rocks should get? Optional. Respond to feedback with an adult. You may pass. Mark R only after the pupil has responded to feedback with an adult. Keep the first response and any change separate. Edit in the same colour, on the same page or usual mode.

Exit · 3 min.

Ask the two route checks. What helped you most today, or what would you change next time? Point, speak, sign, draw, write or choose. You may pass. Accept the pupil’s own example or a pass. Record their own words and actual support. At check-out, record E for — against the pupil's target.

Teacher answers.

Starter · all routes.

1. In a fair rock check, how many things should we change?

Cue · Change one thing.

Answer 1 · Change only one thing, the rock sample, and keep the rest the same.

2. Sam puts 1 drop on Rock A and 5 drops on Rock B. How can we fix Sam's test?

Answer 2 · Put the same number of drops on both Rock A and Rock B.

We do decision reveal.

A. Start with both rocks dry. Then we can see what the new water drop does.

Card answers and next steps.

Card.	Answer and next step.
A.	Unfair. Give both rocks 3 drops.
B.	Unfair. Rub both rocks three times.
C.	Fair. Water stays on slate and soaks chalk.
D.	Unfair. Start with both rocks dry.
E.	Unfair. Put water drops on both rocks.
F.	Fair. Chalk marks; granite does not mark.

Made by Matt

Mark scheme.

Today I can.

- I can spot an unfair step.
- I can fix the test plan.
- I can compare fair results.

Route.	Accept at Exit.
Supported.	Points to the unequal drops and says to give both rocks the same number of drops.
Independent.	Names the unequal step (drops, tool, or wet start) and states the matching fix.
Aspire challenge: choose.	Explains that changing two things means we do not know if the rock or the extra water caused the result.
Choice.	Shows one unfair step and a valid matching fix in the chosen mode.

Pupil voice accepted answer.

What feedback did you get, and what did you change?

“The adult asked how to fix Card A. I wrote give both rocks three drops.”

What helped you most today, or what would you change next time?

Accept the pupil’s own example or a pass. Record their own words and actual support.

Book entries spotting and fixing unfair rock test steps.
