Reference A chromosome model

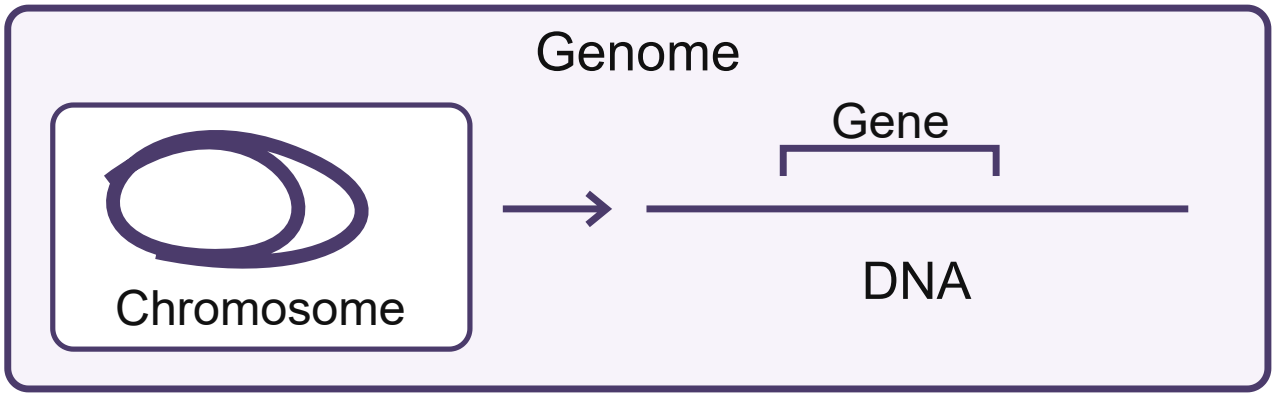

The genome frame surrounds a chromosome model. A cord represents DNA and a bracket marks a gene.

Reference only. This simplified drawing does not show scale.

Part of model	What it represents
Outside frame	Genome. All the DNA of the organism.
Coiled package	Chromosome. A long DNA molecule packaged with proteins.
Cord	DNA. The molecule that stores genetic information.
Bracket	Gene. One region of DNA.

Made by Matt

Reference B explain the links

The frame stands for the genome, including DNA from all chromosomes.

Reference only.

Link	Explanation
Gene and DNA	A gene is a section of DNA.
DNA and chromosome	One chromosome contains a long DNA molecule packaged with proteins.
Chromosome and genome	One chromosome carries part of the full DNA set.

The picture shows only one chromosome in detail. The genome includes all the DNA of the organism.

Arrival and exit Independent

Use the picture on Reference A for question 1 and the model table for questions 2–4.

1. Read the label on the coiled cord.

2. How does a gene fit into DNA?

3. What is a chromosome made of?

4. What belongs inside the genome frame?

Exit ticket

1. Explain where the gene label belongs.

2. What is the difference between a chromosome and the genome?

Pupil voice

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

verbal · written · drawn · signed · symbol / choice-selected · demonstrated / re-attempt · adult-scribed. You may pass.

Made by Matt

You do Independent

Use your book or this sheet. Use Reference A and B. One response per task.

1. Explain what the marked section represents and what it can code for.
Staff I ☐ S ☐ C ☐

---

2. Describe the difference between the cord and its coiled package.
Staff I ☐ S ☐ C ☐

---

3. Correct “The genome is one chromosome.” Explain what the frame represents.
Staff I ☐ S ☐ C ☐

Feedback and response · Independent

Feedback codes

Code	Meaning
VF	Verbal feedback
WS	Worked with support
I	Independent
NS + …	Next step
E	Evidence captured
R	Pupil responded to feedback
//	Self-edit point
?	Read this back to me

My response

Record one response to feedback in your usual mode. You may pass.

Adult checks the response and ticks it, or writes R (Pupil responded to feedback).
