Word page

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Word	It means	Example
natural	from nature, not made into a new item	A raw rock is natural.
human-made	made or changed by people	People make a brick from clay.
material	what a thing is made of	The brick has clay in it.
table	rows and columns for facts	This row says brick: made.

A raw item comes from nature. People make a new item from one or more raw materials. Use a row for each item.

Arrival and starter

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Hold a safe raw rock. Look at a brick card.

Think back. Say, sign or point.

1. Name one use of a rock.
2. What does a water test check?
3. What do people and animals get from food?

You may point, sign, say or write your first ideas.

I do · model and check

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Watch a row go in a table.

Watch: This raw rock is from nature. I write raw rock in the Natural row.

Show me: Is a finished brick raw clay, or an item made by people?

People shape and fire natural clay to make a brick. Simplified; not to scale.

We do · sort and explain

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Sort safe samples and cards.

Our turn: People shape and fire clay to make a brick. I write brick in the ____ row.

Look at each item. Has it been shaped into a new thing by people? Point to the clue, then choose a group.

Talk, then sort.

Card	Choose a group
Raw rock	From nature / Made by people
Leaf on a branch	From nature / Made by people
Finished clay brick	From nature / Made by people
Glass bottle	From nature / Made by people

Supported: Hold a raw rock. Point to its group.

Independent: Sort four safe items. Tell your rule.

Aspire: Where do raw clay and finished brick go? Why?

We do 2 · choose and explain

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Which table row is right?

A. Brick | Human-made

B. Brick | Raw rock

C. Rock | Human-made

All of us: People shape sand into a glass bottle. What is the finished bottle?

A. A raw, natural sand sample.

B. A raw and finished rock.

C. A human-made glass item.

D. A thing outside all groups.

Show your choice and say why. You may use a point, card, board or sign. Take one quiet minute to reset.

Independent · Supported

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Make a row for raw and made items.

Say it first. You can plan in any language.

Point, sign, speak, draw, type, write, use a scribe or a staff-captured photo.

Put one raw and one made item in groups. Fill one row.

Say: This ____ goes in the ____ group.

Item	Group
_____	_____
_____	_____
_____	_____
_____	_____

Choose one route within the full 8 minutes. Keep your own response.

Practical model · safe steps and record

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Kit: Clean blunt raw rock, picture cards of made items, tray

Hold the checked rock, sort it with the made-item cards, then fill a table row.

Risk: A raw rock could have a rough edge or loose dust.

Safe: Use only a clean blunt checked rock on a tray. Do not taste or scrape it; wash hands after.

Use the kit your teacher has checked. A picture or adult-led model is a valid route.
