I can show one fact.

I can show what I used to find it.

I can name one next step.

I am learning to show a fact about bodies, food and rocks.

Point to the bones, food and rock. These are simple model pictures. They are not a new test result. Sizes do not match real life.

I can show one fact. I can show what I used to find it. I can name one next step.

Word page

I can show one fact.

I can show what I used to find it.

I can name one next step.

Word	It means	Example
skeleton	bones that help hold a body up	I point to the bone model.
nutrition	what a body gets from food to grow and stay well	An animal gets nutrition from food.
rock	a solid thing from the ground	I can test a safe rock.
evidence	what you saw or did that helps show a claim	My rock sort shows my rule.

Use a real model or real work. Point to what it shows. Keep your first words.

Arrival and starter

I can show one fact.

I can show what I used to find it.

I can name one next step.

Pick a safe model or card to look at.

Think back. Say, sign or point.

1. What stays the same in a fair water test?
2. Is a finished brick raw or made?
3. Where do animals get food?

You may point, sign, say or write your first ideas.

I do · model and check

I can show one fact.

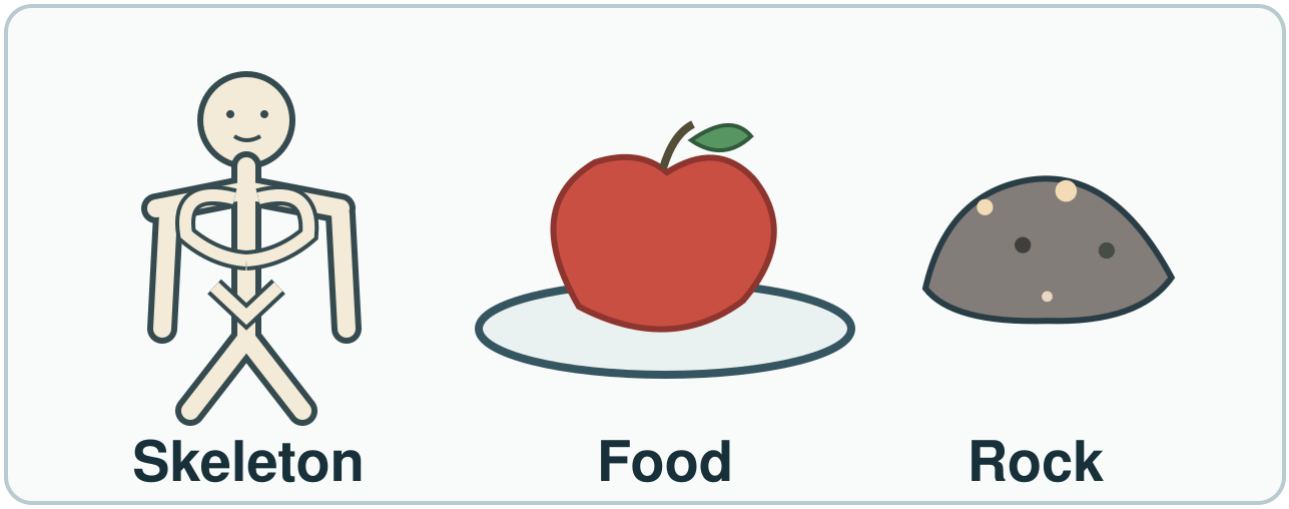

I can show what I used to find it.

I can name one next step.

Watch one fact with one clue.

Watch: I point to the bone model. It shows a skeleton. The bones help hold the body up.

Show me: Which object can show a fact about a rock: a safe sample or a food picture?

Point to the bones, food and rock. These are simple model pictures. They are not a new test result. Sizes do not match real life.

We do · sort and explain

I can show one fact.

I can show what I used to find it.

I can name one next step.

Match a real model to a fact.

Our turn: I point to a safe rock. I felt a rough side. My fact is ____.

Talk, then sort.

Card	Choose a group
Bone model	Body / Food / Rock
Food-group picture	Body / Food / Rock
Safe rough sample	Body / Food / Rock

Supported: Point to one model. What can it show?

Independent: Match one fact to the model or action that supports it.

Aspire: Which fact needs a new check rather than a card?

We do 2 · choose and explain

I can show one fact.

I can show what I used to find it.

I can name one next step.

What best backs a claim about a rock surface?

A. A real safe sample you felt

B. A food picture

C. A word card only

All of us: A class claims a clean plastic lid floats. Which evidence could check the claim?

A. A photo of a different lid.

B. A guess from the lid colour.

C. A card about another rock.

D. A safe water test of that lid.

Show your choice and say why. You may use a point, card, board or sign. Take one quiet minute to reset.

Independent · Supported

I can show one fact.

I can show what I used to find it.

I can name one next step.

Show work you did about body, food or rock.

Say it first. You can plan in any language.

Point, sign, speak, draw, type, write, use a scribe or a staff-captured photo.

Show one fact about a body or rock.

Say: I show ____.

My fact	What I used
_____	_____
_____	_____

Choose one route within the full 8 minutes. Keep your own response.

Independent · Independent

I can show one fact.

I can show what I used to find it.

I can name one next step.

Show work you did about body, food or rock.

Say it first. You can plan in any language.

Point, sign, speak, draw, type, write, use a scribe or a staff-captured photo.

Show two facts. Tell how you found one.

Say: I know ____ as I saw ____.

My fact	What I used
_____	_____
_____	_____

Choose one route within the full 8 minutes. Keep your own response.

Independent · Aspire

I can show one fact.

I can show what I used to find it.

I can name one next step.

Show work you did about body, food or rock.

Say it first. You can plan in any language.

Point, sign, speak, draw, type, write, use a scribe or a staff-captured photo.

Pick your best real evidence. Why does it fit?

Say: This is good evidence as ____.

Go deeper: Pick a claim you cannot show. What could you check?

Evidence judge: Pick the best real result. Why does it fit?

My fact	What I used
_____	_____
_____	_____

Choose one route within the full 8 minutes. Keep your own response.

Practical model · safe steps and record

I can show one fact.

I can show what I used to find it.

I can name one next step.

Kit: Clean adult-checked model or rock, matching fact cards, tray

Choose one checked model or sample and match an observed fact to it.

Risk: A loose or rough model part could scratch or fall.

Safe: Use checked blunt models on a tray. Keep small parts together and wash hands after shared kit.

Use the kit your teacher has checked. A picture or adult-led model is a valid route.

My own evidence and next step

I can show one fact.

I can show what I used to find it.

I can name one next step.

My name _____ Date _____

My claim: _____

My real model, work, page or date: _____

My clue and what it shows: _____

What I cannot show yet: _____

The adult’s response: _____

My change, or why I kept it: _____

Next check: _____

Review and exit

I can show one fact.

I can show what I used to find it.

I can name one next step.

Hear one next step. Fix a part if you can.

Hear feedback (VF) and one next step (NS(+)). Edit one part (//).

Take one quiet minute to reset.

Tell an adult what you know and how.

Read it back: I am learning to show a fact about bodies, food and rocks.

My feedback was… I showed…

Next I need to… try one small fix.

How I know: I can show one fact. I can show what I used to find it. I can name one next step.

Tell your teacher. They will pick our next start.

Take one quiet minute before the next lesson.
