# Support cards: small steps

Tuesday 12 January 2027 | P2 | 40 minutes | Year A

Humanities | LAUNCH | Spring 1 Week 2 | HUM-LAUNCH-S1-W02

Pink paper version. Read quietly, point, write, type, speak privately or direct a scribe. You may pass. No public answer or reading aloud is required.

## 1 Find the fact

Point to the date and place. Find the source code. Ask an adult to read privately if that helps.

## 2 Link a change to an effect

In ____ in Germany, S__ says ____. This took away or limited ____. It could affect daily life by ____.

## 3 Look at actions

Use S5 and S6. What did a person do, or fail to do? How could that affect others? Name the action before the role. Do not guess a motive.

## 4 Keep your own finish

Keep your own record: one fact about Jewish life before persecution; two dated changes to rights with source codes and an effect; one action or inaction for each of the three roles; and one thought on remembrance and care today.

## Pair roles

Evidence Finder locates a fact. Explainer states an effect. Swap. Both keep their own responses.

You can point, speak quietly, type, write or direct a scribe. A short response with a clear link is enough.

# A pause and a quiet task

Tuesday 12 January 2027 | P2 | 40 minutes | Year A

Humanities | LAUNCH | Spring 1 Week 2 | HUM-LAUNCH-S1-W02

Pink paper version. Read quietly, point, write, type, speak privately or direct a scribe. You may pass. No public answer or reading aloud is required.

## PAUSE

Point to PAUSE or tell the adult quietly. Use the agreed supervised place. You do not need to explain to the group. When ready, choose a private recap or the quiet task. The adult will help you rejoin.

## A neutral task

Quiet task: put these times in order: 14:00 club; 08:30 library; 12:00 lunch; 10:00 break. Copy or point to the first and last. Add a clock face if you wish. These are made-up daily times. You do not need to use the history cards.

First time _____ Last time _____

My ordered list _____

_____

_____

## When you feel ready

Tell the adult quietly. Choose a brief private recap, more time with this task or a later supported return to the history work. No personal story is needed.

This task practises time order. It does not show the history outcome. Your adult will record what you actually did.
