Teacher cover

Jobs people do

Friday 27 November 2026 · one 40-minute lesson · Year A

Term theme: Identity & Belonging

Thread tags: SMSC S/So (M/C: none); British Values IL/MR (D/RL/T: none).

Objective
Recognise jobs people do (links Careers).

Source: scheme_references/BUILD_SOW.xlsx; BUILD Weekly - Autumn, C140. Independence / vocational strand; Friday slot confirmed by the owner.

Big question and success checks
What does the worker do?

Match a job to what the worker does. Point to a clue from the task. Link one job to a useful daily skill.

Evidence
VOCATIONAL-BUILD-A2-W04-E1: An individual record of job-to-task matches, a stated or pointed task clue and one link to a familiar daily skill; actual response mode, prompts, gaps and a later response are recorded.

Prepare
Print two Evidence Sheet and two Support Cards pages, a Vocabulary Mat and a separate adult model card. Cut job and kit cards in advance if useful. Use paper cards only; no food, cleaning products, tools, workplace visit or contact with an employer. Prepare an aid and space for individual responses.

Calendar and progression
Year A. Autumn 2 Week 4: 23–27 November 2026. Friday 27 November 2026, one 40-minute taught lesson. No clock time is specified. Weeks 1–6 are formative; Week 7 is assessing.

Week 3 builds on snack planning and cleaning up by following a two-step recipe. Week 4 recognises jobs through the tasks people do. The community-project strand is not used.

Careers
This helps me link a job to a task and value each role.

Teaching sequence

Slide	Min	Teaching action
1	0	Read the objective, big question, theme and careers line.
2	3	Offer a pause, usual aid or private response.
3	3	Recall food preparation and cleaning as useful daily skills.
4	0	Read the objective and three success checks.
5	5	Model the separate soup task: cook; making food is the clue.
6	5	Use the plant-care hinge, then the packing parallel recheck if needed.
7	12	Use cards A–D. Match jobs, show task clues and discuss one kit link. Take individual turns.
8	6	Record each learner's matches, one clue and one daily-skill link; log support and unpresented cards.
9	4	Give one prompt. Keep first answers and a later reply separate. Return the cards.
10	2	Give the new clean-floor clue; take an individual job and reason.
11	0	Use the word mat and accepted response mode.
12	0	Hidden staff brief: fictional roles, no personal employment questions or job-readiness claims.

Hinge response and reteach

Read: "A worker puts plants in soil and waters them." Offer gardener or packer. Expected: gardener, with the plant-care action as the clue. If unsure, point to the action, rephrase and offer a choice before modelling. Parallel recheck: "A worker checks items, boxes them and adds a label." Expected: packer; record the clue and help.

Routes

Supported: Read one task card at a time and offer two job choices. Allow a point, sign or aid and exact scribing. Record the reduced choice set; unpresented cards stay not checked.

Independent: Match all four task cards to jobs, show a clue and link one job to a familiar daily skill. Use kit cards to explain rather than guess. Record help used.

Aspire: Complete the same task, then explain why a useful skill can occur in more than one job. Justify a sensible alternative role using the stated task; do not infer a role from appearance.

Safe teaching and evidence

Boundaries and practical support

All workers and settings are fictional and unnamed. Use task clues, not appearance, clothing, gender, background or perceived status, to identify a role. A task can be shared by several jobs; accept a sensible alternative when the learner gives a relevant clue. Do not ask about family employment, income or personal aspirations. No real applications, contact details or workplace access are required. Respect a pause, private response or aid. A role match is knowledge evidence, not proof of practical competence or job readiness.

Use Support Cards page 1 task stories A–D and page 2 shuffled job and kit cards. Ask for each learner's own choice before confirming it. Supported route may check two cards first; record all unpresented cards as gaps. Allow speech, pointing, drawing, writing or an aid.

Keep unobserved actions or unpresented cards as gaps. Record reading, reduced choices, prompts, models and adult actions. A group answer is not individual evidence.

Evidence and feedback

An individual record of job-to-task matches, a stated or pointed task clue and one link to a familiar daily skill; actual response mode, prompts, gaps and a later response are recorded.

Use VF · WS · I · NS+ · // self-edit · ? read back · R responded · E evidence. R requires Voice, Audience, a specific NS+ prompt and the learner response in the same colour, on the same page or usual mode. E is used only when actual work is banked. Keep the first try and any later change separate.

No qualification mapping, attainment level or completion is inferred. Staff confirm any mapping from actual evidence.

Voice, theme and threads

Offer speech, pointing, drawing, writing or the usual aid. Ask what help makes the task accessible. Respect a pause without requiring a reason.

S: reflect on a useful daily skill. So: listen and share task talk. IL: choose a response mode and ask for support. MR: respect different needs, roles and contributions without ranking people. No other thread is claimed.

Communication portfolio

A task explanation or help request may be offered to the Communication portfolio. Keep the learner's actual response and support; staff confirm any mapping.

Reflection

Next teaching need: _____

Learner request and change made: _____

Provenance: inspected weekly scheme line and the owner's strand, date and Friday-slot decision. Activities, examples and careers lines are newly authored from the objective.
