Explore — Light and colour in festival art

Today I can… ☐ find warm and cool colours. ☐ compare bright marks on different grounds. ☐ link a colour or pattern choice to its effect.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R ☐ [//] ☐ [?] _____

Teacher and cover plan

1. Lesson code, title and learning goal

ART-GROW-A2-W01-P1 · Explore — Light and colour in festival art
I can describe and compare light and colour in art.

2. Kit, preparation and safety

Use pencils, pastels or chalk, and coloured and dark paper only; prepared colour and shape cards are enough for this explore lesson.
No flames or real lights are used.
Keep materials on the work surface and avoid blowing chalk dust.
Offer a pencil or a director role if a texture is uncomfortable.
Make three equal plain rectangular images, labelled A, B and C, with no people, text within the image or named objects.
Check the actual paper examples before teaching; their yellow rings must clearly show this difference.
Colour cards: red, orange, yellow, blue and green, each with its written label.
Announce a brief count-in before the first visual task; mirror it with a visible gesture, then use the agreed flat-hand STOP cue for a pause.

3. Stage timeline and staff moves

Stage / clock	Minutes	Staff move
Arrival 00 to 05	5	Show A and B, using the exact image cues in the shared notes.
Starter 05 to 08	3	Read the three options; pupils choose privately before sharing.
I do 08 to 14 · KEEP	6	Four minutes for the demonstrations and two for vocabulary/check.
We do 14 to 22 · KEEP	8	Two minutes for the guided example, four for all-pupil comparisons and two for a choice.
You do 22 to 37 · KEEP	15	Two minutes to choose the route and response mode, eleven to compare and explore, final two to review one reason.
Exit ticket 37 to 40 · KEEP	3	Use one tier.

Total: 40 minutes. KEEP marks the stages to retain if time is short.

Teacher and cover plan · continued

4. Key answers

Supported	Standard	Stretch
Arrival 1. Orange. 2. Cool colours. 3. Dark; very dark blue. 4. A dot; the ring/dot pair repeats. **Exit ticket** 1. Warm: red/orange/yellow. Cool: blue/green. Check their plan. 2. Dark; bright marks contrast with it. 3. Locate the actual planned or tested repeat.	**Arrival** 1. Warm yellow/orange marks change to cool light blue/light green. 2. A; yellow rings contrast more with the dark ground. 3. Yellow ring, then orange dot; three repeats. 4. No; cool names an art colour group, not temperature. **Exit ticket** 1. Warm: red/orange/yellow. Cool: blue/green. 2. A light-dark difference creates contrast. 3. A relevant feature-to-effect reason grounded in their plan or test.	**Arrival** 1. Warm marks become cool; ground or ring/dot order stays unchanged. 2. Yes; B's light marks contrast with the dark ground. 3. Only the ground changes; compare the same yellow rings' visibility. 4. Yes; different effects are valid when supported by visible features. **Exit ticket** 1. A feasible colour change; identify what stays unchanged. 2. Locate the same repeated shape sequence in each. 3. Both readings can be fair if each cites a visible feature.

Main check: 1 Different ground: A is dark blue; C is pale yellow.

5. Tiers and routes

Choose one Arrival and Exit tier: Supported, Standard or Stretch. Choose one You do route: Independent, Supported, Choice or Aspire. Staff mark I, S or C beside the response for actual independence, support or choice; Aspire is not automatic I.

6. Same-day evidence

The assigned adult records the pupil's own response, mode and actual prompt used; uploads a book item or observation to the evidence app the same day, labelled ART-GROW-A2-W01-P1. Keep the coded book item, with a photo where useful, in the Explore log. A photo needs an observation and does not show understanding alone. No public display required.

7. Keep if time runs short

Keep the A/B and A/C comparisons, one guided Same/Change record, the pupil's chosen colours and repeat with a reason, and a brief Exit response. Shorten additional test versions; keep one precise review change.

8. No cold calling

No cold calling; nobody is asked to read difficult text aloud.

9. Prompt ladder for adults

1. Point to the relevant place / instruction.
2. Ask one short question: "What is it asking you to find?"
3. Rephrase the instruction in simpler language.
4. Provide a scaffold or limited choice.
5. Model the first step only, then return the task to the pupil.
