Answer (adult): Card to draw on; one observation only.

We Do

Answer (adult): Any meaningful symbol/image linked to offering a quiet seat; meaning and respect must link to the stated request and choice; learning line in pupil's own words. Do not require the model's exact sign or sentence.

Arrival Answer (adult) fields above render staff-only. Main task: One-page record contains pupil-selected symbol/image, explained meaning in this case, respectful caring act and one genuine learning point. Craft case supports offering a sheet and respecting yes/no. Check each element and authenticate with a brief unprompted explanation; record access/support.

Choice requires a pupil-owned word/phrase/reason as well as a selection. Scribing/pointing counts only as the pupil's own directed response, with actual support recorded. No assertion about a pupil's faith, private life or feelings is required.

Feedback/evidence agreement: Same-day evidence — BUILD-RE-S1-W06: the teaching adult is the designated live-capture adult. Capture a pupil-arranged/pointed caring choice with an exactly scribed reason, or the chosen record, using a work-only photo, brief clip or one-line note. Record mode, actual source access, route, I/S/C, exact prompt and before/after-model status. Audience: this adult receives the whole response, names its change or reason back and checks it before tagging. Influence: use that response to select a next teaching step; record actual influence after teaching. Upload the selected item to the evidence app the same day in the 14:10–14:30 check-out slot, labelled BUILD-RE-S1-W06. E marks capture/upload, not closure. R requires both adult receipt and a shaped next step; a photo, a refusal or completion alone never earns R. The subject lead samples weekly; BUILD's daily expectation is not claimed met by a planned lesson.
