ASDAN Aut 2 · 2026–27 · Workbook outcome: Bank Young Duke + community/UAS evidence.

| Key Word             | Definition                                                                                                                                                                                                                                                         |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Watch me do it:      | Watch me do it: I pick up the photo. Date: there. My name: there. Who saw it: not there, so I write “seen by my teacher”. What I did: not there, so I write “I carried the bags”. Now I choose the line. Community. Banked.                                        |
| Now watch one more:  | Now watch one more: a note that says “I did my Young Duke cooking challenge”. Date: missing. Witness: missing. I add both. Line: Young Duke. Banked.                                                                                                               |
| Fixing one together: | Fixing one together: a line says “we did the litter pick”. We change it to “Together we cleared the path by the gate. I carried the bags and counted them. Next time I would ask for gloves.” We add the date and the witness. Now it banks on the community line. |

### Key Facts

- Evidence is proof that you did something. Banking it means it is in the folder and it counts.
- A team did the community project together. Each person can say what the team did and what they did.

### This week's spark

Two reflections about the same project

### ASDAN evidence

Bank Young Duke + community/UAS evidence.

Reflect on teamwork and add ASDAN/UAS evidence.

### Arrival Task

#### What we already know about banking evidence

1) Evidence is proof that you did something. Banking it means it is in the folder and it counts.

2) A team did the community project together. Each person can say what the team did and what they did.

## Two reflections about the same project

Two lines written after the same community project. Line A: “We did the community project and it went well.” Line B: “Together we cleared the path by the gate. I carried the bags and I counted them. Next time I would ask for gloves.”

### We Do 1: Which piece is not banked yet, and why?

Piece 1: a note: “Thursday 10 December. I washed the tools after the litter pick. Seen by Mrs Teacher.” with my name on top, marked Community.

Piece 2: a photo of the cleared path with a date and my name, marked Community, and nobody named as the witness.

Piece 3: a note: “I finished my Young Duke cooking challenge. Seen by my key worker.” with my name, no date, marked Young Duke.

### We Do 2: Find the missing part together

We fix one reflection on the board first. Nobody writes yet. Everyone points to the part they would add first. Then we show at the same time.

**Exit Ticket – Standard**

- 1) Read your reflection to a partner or an adult. They say back what the team did and what you did.
- 
- 2) Did they mix up the team part and your part? Then one line needs changing. Change it. That change is your influence. It belongs to you.
- 
- 3) SPACE stays available. VOICE is received. AUDIENCE names back exactly. INFLUENCE changes one real next action.
