Creative Arts Spring 1 Week 2 guide

Use the dated lesson for the pathway. Each edition is a complete portable pack. Pupils work in books or their existing arts log first. Print pages are optional access resources.

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 2 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

This week

BUILD Spring 1 Week 2 Monday 11 January 2027 P5 Year A Explore - A small plan for a feeling

BUILD Spring 1 Week 2 Tuesday 12 January 2027 P1 Year A Explore - Making my emotion piece

GROW Spring 1 Week 2 Monday 11 January 2027 P6 Year A Explore - One skill to practise

GROW Spring 1 Week 2 Wednesday 13 January 2027 P5 Year A Explore - My skill before and after

BUILD emotion and original choices

Continue from Week 1 trials if useful, or begin with an honest new trial. Pupils choose an invented emotion and make a painting, quiet original sound piece or silent response. Record the chosen feature and its intended effect. No personal story is needed.

GROW one skill across two periods

Each pupil chooses one technique in the first lesson and keeps it for both periods. Retain the real first test before modelling. Practise a small target, then repeat the same test in the second lesson. Record what actually changed, even if the skill is unchanged or less secure.

Keep the established log

Continue the existing A Take Part, B Explore, C Create, D Share and Evidence Index files if used. Add dated entries without replacing earlier evidence. Cross-reference the same work rather than duplicating it. The optional blank pages support a new entry or learner.

Before and after and progression

A fair comparison

For GROW retain the same four marks or four quiet actions, the same chosen form, and the agreed size or pace guide. Record the assistance used in each test. A witnessed live pattern with precise ordered notes is valid when no device or art materials are available.

If access requires a new form, keep the original record, state the reason and make a new before test for the new form. Compare like with like. Do not treat two different forms as proof that a technique improved. A missing first test is never invented.

Explore and optional stretch

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 2 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

Each GROW lesson has one optional next level task. The first adds a reasoned practice goal and plan. The second adds a comparison, feedback considered, a reasoned view and a next step. These are useful additional records if the level changes later, not a statement that all next-level requirements are met.

Original models and evidence

The four-part colour model sheet is an original classroom example. It is not a pupil baseline or after test. No artwork, lyrics or artist quotation is reproduced. Keep pupil work, exact words and staff observations distinct.

Materials free cover route

Use silent finger movements, air marks or pupil-directed adult actions. Pupils select an intention or skill, practise a short sequence and give an oral log. The adult records actual actions and confirmed pupil words when recording materials are available. Quiet private sharing is valid.

Where this leads

Artists, designers and performers test ideas and explain their choices. These skills help when working to a brief.

Next returns

Weeks 3 to 6 follow one per return from rows 90 to 93. Pause for Downloaded after this Week 2 return.
