Knowledge organiser

Year A | Autumn 2 Week 1 | 2 November 2026

I can save and find a file, and choose what to share.

I made a folder in the agreed place.

I used a clear file name.

I opened the saved file and checked my work.

I used only made-up details.

I gave a reason for leaving out one detail.

A folder name does not make a file private. Check who can open it. Use only the details that fit the purpose and audience.
