Support adult brief

Year A | Autumn 2 Week 1 | 2 November 2026

Term theme: Identity & Belonging. Careers: organising files and checking access in office support work.

Aim: each pupil saves and reopens a made-up profile, then gives one reason for leaving a detail out.

Use only the supplied fictional profile cards.

Keep instructions short and give time to act.

Ask the pupil to point before taking over the device.

Check the folder, name and reopened text.

For a shared device, switch roles after six minutes.

Record actual prompts and adult actions.

Use paper as rehearsal if the device fails.

Do not publish files or collect real personal details.

At the exit, ask: Where is your file? Does it open? Why did you leave that detail out? Give one next step and hear the response.
