Visual step cards

Year A | Autumn 2 Week 2 | 9 November 2026

I can make a clear document with a title, headings and short paragraphs.

Plan the sections: Choose source A or B. Sort the facts into topics.

Set the title and headings: Use a title and two main heading styles.

Write the paragraphs: Put short sentences about one topic together.

Check and save: Ask a reader to find a fact. Save and reopen your file.

Use only the made-up source facts. Keep real personal details out.
