TA brief

Autumn 2 · Week 2 · Lesson 1 · Monday 9 November 2026

Use Supported as needed, Independent for a pupil ready to take the lead, and Aspire for more depth. The route changes help, not the shared beat goal. Use five individual records within a pair and a trio; rotate beat keeper, part player and watcher. Never require solo performance. Quiet finger taps, a visible nod or pointing can show the same timing. Teach a raised flat hand as STOP; agree it before sound starts. Keep volume low and use a soft surface. Wait for each pupil to opt into a role and use a trusted partner when needed. Read back scribed words and let the pupil correct them. Give one clear success and one next step. A pupil responds in the same colour, on the same page or usual mode. Mark R only when Voice and Audience are present, one NS has been given and the pupil has made the response. Use VF, WS, I, NS, //, ?, E and R only for what happened. A photograph or class tick does not prove an individual skill. Pupil code and staff fields stay blank until actual use.

Prompt ladder

1. Point to the place or instruction.
2. Ask one short question.
3. Say the instruction in a new way.
4. Give a choice or a small guide.
5. Show the first step only. Then give the task back.

Focus through the lesson

I do: Track who follows the pointer through the quiet beat. Prompt by pointing before speaking.

We do: Watch one pupil per round; note whether rests keep their full time. Fade the shared nod when ready.

Independent: Use the five-step ladder only as needed. Record the exact help and return the next step to the pupil.

One end question

How do you keep the beat when the part is quiet?

Give one next step. Respond in the same colour, on the same page or usual mode. Record R only after Voice and Audience are present, one NS is set, and the pupil responds.
