Source check steps

Tuesday 17 November 2026 | P6 | 40 minutes

Today I can

I can compare sources and use evidence to explain a choice.

1 Find the question

Must a new learner buy a kit, and how long should they plan for?

2 Check each source

Who made it? When? Why? What evidence is shown?

3 Compare details

Use two letters. Explain which details support or challenge your choice.

4 Keep a limit

Write one question the cards do not answer.

5 Save and check

Use a title and clear headings. Save, close and reopen your own file.

Your choice

Point, write, type or speak quietly to an adult. No reading aloud is required.

Words for checking sources

Tuesday 17 November 2026 | P6 | 40 minutes

source

Where a claim or fact comes from.

claim

Something a source says is true.

evidence

Details that help us check a claim.

purpose

Why the source was made.

opinion

A view or judgement someone holds.

reliable

Worth trusting for this question, with reasons.

A short reason

I trust this detail more because ...

The aim

I can compare sources and use evidence to explain a choice.

Four checks

Who made it? When was it made or checked? Why was it made? What evidence is shown?

Compare

Do two sources give separate evidence? Two copies of one claim are not two checks.

Keep a limit

A neat page or a new date does not prove a claim. A source may help with one question but not another.

My success checks

[ ] I compared who, when, purpose and evidence.
[ ] I used two source letters and details for my choice.
[ ] I named one thing I still need to check.
[ ] I saved and reopened my own work.

Where this leads

Before an application, check role and training details against current evidence so your choices are well informed.

Fictional source cards

Your question

Must a new learner buy a kit, and how long should they plan for?

A Information sheet

Session organiser | 12 November 2026
Purpose: To explain the taster session.
Plan for a 30-minute session. All kit is supplied for the session. Beginners can join. No past skill is needed.
Evidence: Gives the current session plan, but no test results.

B Advert

Kit seller | 1 September 2026
Purpose: To sell a kit.
The best choice for everyone! The session takes just 10 minutes. Buy a kit before you join.
Evidence: No timings or checks are shown.

C Check record

Staff observer | 14 November 2026
Purpose: To record what happened.
Three taster sessions took 29, 30 and 31 minutes. All kit was loaned at each session. The notes cover these three sessions only.
Evidence: Records three timings and kit use.

Keep it fictional

These cards are made up for this lesson. Do not search online or add personal details.

The question

Must a new learner buy a kit, and how long should they plan for?

Steps

1. Use cards A and C first. Then check B.
2. Mark who, date, purpose and evidence on each card.
3. Choose a source for the kit and time question.
4. Use the frame to compare it with another card.
5. Add one fact you still need to check.
6. Save, close and reopen your file.

My reason

I would use source ... because ...
Source ... supports or challenges this by ...
I still need to check ...

Check my work

[ ] I compared who, when, purpose and evidence.
[ ] I used two source letters and details for my choice.
[ ] I named one thing I still need to check.
[ ] I saved and reopened my own work.

The question

Must a new learner buy a kit, and how long should they plan for?

Steps

1. Complete the Independent task first.
2. Explain why the advert alone is not enough.
3. Explain what three timings cannot prove.
4. Would a recent date alone change your choice? Why?
5. Improve your reason and keep the first version.
6. Save a v2 copy and check it opens.

My reason

Use two source letters, a detail from each, and a limit or question.
