GROW PSHE · Spring 1 Week 6 · 8–12 February · up to five learners

Theme Resilience & Change. Assessing week.

Exact outcome

Resilience & online-safety task; bank the unit award.

Learning and evidence

Make a resilience plan and an online safety guide for an invented younger pupil. Explain a useful step and why it fits. Include private help and a next route if help is not enough. Two formats, same two products. Use fictional work, the six outcome tick and comment grid, actual work references, access and prompts. Leave unobserved learning visible. The unit award is conditional on staff checking actual saved evidence against its current requirements through the usual process. This task does not create criteria or guarantee the unit award. Keep missing or unobserved learning visible and plan a further chance. Do not tick every outcome from one product. No claim of future coping or real account safety follows from classroom work.

Forty minutes

0–10	Arrival and starter 5; input 5.
10–22	Model and guided work 7; private hinge and choice 5.
22–40	Both products 12; review 4; private exit 2.

Access and safe support

Books are the first route. Type instead on Evidence Sheet page 2 has fields for both products. Point, draw, use an aid or use an exact scribe with readback and correction. Keep usual reading and language aids. Plan in any language. No public questioning. Before teaching, agree the discreet pause signal, available adult and familiar supervised quiet route. Staff acknowledge it privately. No public explanation is needed. Offer a neutral task, supported return or private catch-up. Do not send a learner away alone. Pass is not failure. Any disclosure goes to the safeguarding lead through school procedure. Do not probe or promise secrecy.
