Two products for an invented pupil

Resilience & online-safety task; bank the unit award.

All people and stories are made up. Make both products. Use a book, Type instead, an aid or exact scribe. No personal story or account is needed.

Two format choices

B: make a plan map or list and guide panels for the shared story. C: make a short plan note and guide text for the same story. Both have the same goal. You may switch format.

Product 1 Resilience plan

Name a possible feeling or pressure clue in the story. Choose a safe strategy or smaller step. Explain why it fits. Add a support type, an opener and what to do if more help is needed.

Product 2 Online safety guide

Tell the younger pupil how to keep details private, ask before sharing another person and use kind words. Explain a footprint or copy limit. Give a safe stop and tell route with adult report or block help. Do not forward private or harmful content.

Words and starters

feeling · resilience · privacy · footprint · help
The learner could ... because ... .
Before sharing ... . If help is not enough ... .

A short model

The learner can pause and ask staff for one small step. They can leave routine details out of a photo. Copies may remain, so think before posting. If a message causes concern, stop and ask a trusted adult for report help.

Review

Keep first thinking. Use one next step and reply in your usual mode. The guide has a made up audience and stays in class. Pass or a supported pause is valid.

Type instead

Choose B or C and complete both products. Type only about the invented learner. No names, private events or accounts.

Prompt	Type here
Work reference and format B or C	
Plan: a possible feeling or clue	
Plan: safe strategy and why it fits	
Plan: support, opener and fallback	
Guide: privacy, consent and kindness	
Guide: footprint or copying limit	
Guide: stop, tell and adult report help	
One next step and my reply	

A map, list or note is fine. A scribe records your words and reads back so you can change them. Save both products through the usual routine with the lesson code and work reference. Show the adult privately.

Six outcome evidence review

PSHE-GROW-S1-W06-E1 · Wednesday 10 February 2027 · P3 · assessing week

Staff: use a work code, not a name. All boxes start blank. Use current work or a valid prior record. Add what it shows, usual aids, content prompts and any next chance. Tick observed, more learning needed or not observed. Explain support and any gaps in the comment. These are learning judgements, not criteria for the unit award.

Week	Exact weekly outcome	Review tick	Comment and work reference
1	Recognise emotions and healthy ways to manage stress.	[ ] Observed [ ] More learning [ ] Not observed	
2	Build personal resilience and a growth mindset.	[ ] Observed [ ] More learning [ ] Not observed	
3	Understand mental health and where to get support.	[ ] Observed [ ] More learning [ ] Not observed	
4	Stay safe online; recognise risks and my digital footprint (Safer Internet Day).	[ ] Observed [ ] More learning [ ] Not observed	
5	Know how to report concerns and seek help.	[ ] Observed [ ] More learning [ ] Not observed	
6	Resilience & online-safety task; bank the unit award.	[ ] Observed [ ] More learning [ ] Not observed	

Usual mode and aids: _____
Adult content prompts: _____
One NS and actual reply reference: _____

The unit award is conditional on staff checking actual saved evidence against its current requirements through the usual process. This task does not create criteria or guarantee the unit award. Keep missing or unobserved learning visible and plan a further chance. Do not tick every outcome from one product. No claim of future coping or real account safety follows from classroom work.

Keep personal cards and real concerns off this sheet. Any disclosure goes to the safeguarding lead through school procedure. Listen calmly, reassure, do not probe, investigate or promise secrecy. Follow the immediate school route for urgent concerns. Keep real concerns and personal details in the separate safeguarding record, not shared learning evidence. A pupil unable to identify a trusted adult is supported privately, not pressed.
