Weekly plan row

Wednesday 6 January 2027 · P3 · 40 minutes · Year A

PSHE · GROW · up to five learners · Spring 1 Week 1 · 4–8 January

Theme: Resilience & Change. Formative. Six-week term; Week 6 assessing.

Exact outcome

Recognise emotions and healthy ways to manage stress.

Two task choices

Choice 1: a case map for B. Choice 2: an advice note for C. Both show an emotion with a story clue, two healthy strategies with reasons, and a private help route. Either may be typed, recorded in a book, aided or scribed.

Forty minutes

5 arrival/starter + 5 input + 7 model/guided work + 5 private hinge/choice + 12 individual task + 4 review + 2 private exit. Pauses are inside this total.

Access and help

Word bank, visible model, sentence starters, normal aids and processing time. No public questioning or personal-disclosure prompts. Private trusted adult and the school’s help route. Pass, supported pause and return. Use the Type instead page in the editable Evidence Sheet for either choice.

Evidence

Retain actual response, access and answer prompts, one NS and reply. Judge emotion and strategy recognition separately. No claim of real-life coping. Offer to the Communication portfolio.

Where this leads

This helps me recognise pressure, choose a useful next step and ask for support in learning or future work.
