Weekly plan notes

Modes and evidence

Visitor: actual employer questions/replies and reflection. Recording: facts with any employer replies pending. Fallback: full A/B profiles and adult response bank, clearly simulated. Assess explanation skills separately from real encounter completion.

Source timing

I15 gives preparation, clear outcomes, two-way interaction and structured reflection, with source/date/purpose/participation recorded. It has no fixed phase minutes. The 5/5/12/10/8 plan is illustrative. Allow a separate or longer real event if needed.

Portfolio close

Gather earlier work before the lesson. Index all seven outputs, check quality and source/mode labels, record actual references and missing/partial work, and agree one dated action. Compare with Autumn 1 personal profile. Missing history remains missing; a newly dated baseline does not replace it.

Where this leads

This helps me prepare for an application, ask about support and choose a useful next step towards work.

Support and response

Question menu, separate model, profiles, vocabulary, private rehearsal, captions/transcript and normal aids. Plan in any language. No grades, diagnosis, family work or income disclosure. Keep usual access and answer prompts separate. Offer to the Communication portfolio. E for banked evidence; R after Voice, Audience, NS and response in own colour.

Thread tags: SMSC S/So (M/C: none); British Values IL/MR (D/RL/T: none).

Week 7 summative. No clock time or actual visitor attendance asserted. Spring 1 waits for a new brief after acceptance.
