Theme Rights and getting on together. Five week term from 22 February to 25 March 2027.

Thread tags: SMSC S/So; British Values IL/MR. Other tags not claimed.

Exact outcome

Explore rights, responsibilities and getting on as citizens.

GROW Weekly Spring row 73 C73. Exact outcome checked against the scheme. The owner supplies date, period, group and five week calendar. This lesson is formative.

Purpose

Match all four rights and actions. Explain one link. Draft three short charter lines for an invented class. Use the community scene to give a safe and fair next step with a reason and trusted adult help. Both formats include every part. Use fictional work only. No names, signatures or personal background.

Cover preparation

Read Staff Answers. Prepare books, Support Cards, glossary and usual aids. Offer Type instead if useful. Agree private help and a supervised pause route with an available adult before teaching. Use the invented class and community scene; no real contract or signatures.

Forty minute sequence

Phase	Time	Action
Arrival and starter	0–5	Settle, agree help and pause; choose a right or explain its link to care.
Input	5–10	Teach rights and responsibilities. Rights stay with everyone; match four right and action pairs.
Model and guided work	10–17	Model the invented community scene and one charter line. Match a step or improve advice.
Private hinge and choice	17–22	Check rights are not a reward. Choose map or note and usual response mode.
Individual task	22–34	One format covering pairs, three charter lines and the community response; include pupil voice about the fictional draft.
Review	34–38	Use shared checks; staff listener gives one next step and retains the pupil response.
Private exit	38–40	Explain a right and helpful action, or repair a rights myth. Confirm help.

Total 40 minutes. Processing time and short quiet pauses sit inside these phases. Both formats include the same three parts within one task period. Reuse the four matches from guided work; do not add a second matching task.

Where this leads: This helps me contribute to a group, respect rights and ask for fair support in learning and future work.

Teaching and response routes

Starter choices

Choose a right from the cards. Or explain how listening can help another person take part. Use the invented group only.

Input

A right belongs to everyone. It is not a prize for good behaviour. Responsibilities help protect rights. Rights stay if a rule is broken. Adults help with a safe, fair response. Getting on as citizens here means caring for a shared community; no personal background or legal status is tested.

One invented community scene

Read the scene on Support Cards page 3. Boxes narrow a route to a shared task. A learner needs clear access, and the group needs fair turns. Use only this made-up case.

Visible model

Everyone keeps their rights. Ask the adult leader to clear the route safely. Hear each view and agree fair turns with access support. Do not move an aid or belongings without asking. Tell a trusted adult if the plan is unsafe or unfair.

Guided choices

Match the four rights to helpful actions and explain a link. Or improve You must earn your rights. Rights are not a reward. Show one charter line, then reduce answer cues while keeping the model and usual aids.

The invented charter

Draft three lines for a made-up class. Each links a right to a helpful action. Keep access needs and adult help in view. No names, signatures or agreement to real rules. Being heard does not mean always getting a choice.

Two equal main formats

Choose map B or advice note C. Both contain the four matches and one reason, three charter lines, then a fair and safe community step with a reason and trusted adult help. A map may be a list; a note needs no extra length.

Supported

Use either format with short choices, word bank, starter and model. Keep usual aids, pointing, typing or exact scribe with readback.

Independent

Complete all parts, give reasons and use the community scene. Keep the visible model and usual aids.

Aspire

Explain why rights are not earned. Check access and privacy limits, then adapt the community plan if the first suggestion does not work.

Privacy

All assessed work is fictional. No real charter is signed. Personal reminders stay private and uncollected. Blank, pass and the agreed supervised pause are valid.

Response modes

Books are the first route. Evidence Sheet page 2 offers Type instead for both formats. Point, draw, use a usual aid or exact scribe. Read back quietly and allow correction. Keep reading and language aids. Plan in any language. No public questioning.

Prompt ladder

Point to the place or instruction. Ask a short private question. Rephrase. Offer a scaffold or choice. Model the first step only, then return the task. Allow time. Record answer cues apart from usual access.

Checks and planned access

Main private hinge

A learner breaks a turn rule. What happens to their rights? A They lose every right until they behave. B Their rights stay. Adults help with a fair and safe next step. C The loudest person can take their rights away. D The group must hide every concern for privacy. Check privately. B or safe equivalent with a reason: proceed. A makes rights a reward; C treats power as permission; D confuses privacy with secrecy. Re-model with the invented scene, then use parallel A. Pass or no response is unobserved; revisit with support, not a failure label.

Parallel check

A group agrees a plan that blocks a learner's access. A Ask an adult to adapt it fairly. B Keep it because a vote can remove rights. Correct A. A plan must respect access and rights. A pass is unobserved.

Questions in private

F Which right could listening help protect? M Why may different support be fair? H Why can a vote not remove a right or hide a safety concern? Use words, a note, pointing or a usual aid. No public questioning.

Misconceptions

Rights are not earned by obedience or removed as a punishment. Responsibilities help protect rights, not buy them. Fairness considers needs; it does not always mean the same help or time. Privacy is not secrecy about safety. A view can be heard without every wish being agreed.

Planned adaptations

Cognition and Learning: one part at a time, visible model and short choices. Communication and Interaction: wait time, aid, typing or exact scribe with quiet readback. SEMH: predictable mild scene, private response, pass, neutral task and supervised pause. Sensory and Physical: clear print, comfortable position and usual aids; discuss access without asking about personal needs. EAL: explain key words and plan in any language.

TA focus

Input: model a right and action link. Guided work: offer a match or advice repair. Independent: check all three parts privately, record actual aids and answer cues, acknowledge pause signals and keep supervision. Do not supply missing answers or ask for real class disputes.

Voice and audience

A learner may suggest a change through words, pointing, typing or an aid, or pass. A staff listener records the fictional charter idea and explains how it could improve the draft. A vote or loud voice cannot remove another person's rights. No agreement to real rules or public speaking is required.

Evidence cover and private support

Evidence judgement

Use fictional work only. Check all four matches and a reason, the three charter lines, then the community step, reason and help route. Keep partial work and actual prompts. A pass is unobserved. Learning work does not prove conduct in a real community. No signature or personal agreement is evidence.

Review and exit

Use shared checks or improve A right is a reward. Set one precise NS and retain the reply. Exit: give a right and helpful action or correct A vote can remove a right. The learning self-check is Ready to explain / With a prompt / Need another example. It does not rate a person, background or behaviour.

Feedback and portfolio

Retain actual fictional learning evidence, usual access and content prompts. Set one NS and allow a reply in the pupil's own colour or usual mode. E only for actual saved work. R only after Voice, Audience, one NS and an actual pupil response. Offer to the Communication portfolio; staff confirm any mapping. Optional personal reminders and real concerns are not learning evidence. Any offer for the unit award depends on staff checking actual evidence and current requirements.

Non specialist cover

Use the supplied pairs, invented class and community scene. If display or typing fails, use printed cards, books, aids or exact scribing. Do not move an aid, rearrange real access routes, sign an actual charter or stage a real dispute. The adult activity leader makes the fictional route clear safely. Follow school procedures for any actual concern.

Private help

Ask a trusted adult or school staff in private. Use words, a note, HELP or a usual aid. Staff can take a concern to the safeguarding lead through school procedure. If one adult is unavailable or help is not enough, ask another trusted adult. For an immediate safety concern, get adult help at once. No named service, organisation, website or phone number is needed.

Discreet step out

Before teaching, agree the discreet HELP or PAUSE signal and familiar supervised place and route. Staff acknowledge it quietly and keep adult support. No public reason is needed. Offer a neutral task, supported return or private catch-up. Do not send a learner away alone. Pass is not failure.

Safeguarding

Any disclosure goes to the safeguarding lead through school procedure. Listen calmly, reassure, do not probe, investigate or promise secrecy. Follow urgent school procedures for immediate concerns. Keep real concerns and identifying details in the separate safeguarding record, not learning evidence. A pupil unable to identify a trusted adult is supported privately, not pressed.
