Teacher and cover plan

1. Outcome

I can give a scientific answer with evidence and reasoning, then improve it after audience response.

Weekly line C43: Consolidate forces, space and climate; answer scientific questions.

2. Arrival

Use the source retrieval and a predictable start; check actual prior coverage.

3. Starter

Keep each first idea visible. Accept point, sign, speech or an exact scribe.

4. I do

Model the science and the source words. Keep the worked example and its limit.

5. We do

Hear both choices and reasons. Re-model when needed, then use the parallel check.

6. You do

one pupil-owned first answer, real adult read-back, a chosen next move and a revised answer or justified no change

7. Routes

Supported / Independent / Aspire are choices of access and challenge within one task budget.

8. Access

No cold calling. Learner may pass; allow a quiet pause and exact scribing.

9. TA role

Use the five-step prompt ladder. Record support separately and fade it.

10. Exit

Hear each learner’s response and use it to choose the next teaching step.

11. Evaluation

Date taught _____ Changes, reasons and coverage _____

Teacher and cover plan · kit and timing

12. Kit, safety, evidence and timing

Question cards from forces, space and climate; first/next answer sheet; evidence cards; pencil. Use the three embedded question/evidence sets or matching cards, and first/next answer sheets. No live experiment is needed.

No forced public speaking or recording. Use an audience of one, pointing, quiet handover or exact adult scribing. Protect private rehearsal. No names, uploads, scores or forced recording. Accept exact adult scribing or a quiet audience of one.

Time	Stage
0–3 min	Arrival
3–6 min	Starter
6–10 min	I do
10–14 min	We do
14–17 min	I do 2
17–21 min	We do 2
21–36 min	Independent
36–40 min	Exit

Total 40 minutes. Quiet resets and feedback sit within the stated blocks. Alternate routes do not add time. Each learner keeps their own evidence.

Evidence: first response, result or labelled explanation, actual feedback, pupil response and Exit. Use SCI-GROW-A2-W05-P2. Record adult prompting separately.

Record any change, reason and coverage impact. Preserve the core task and hand over checked understanding.
