Meal planning knowledge organiser

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

Weekly outcome verbatim: FOODWISE: plan a balanced meal on a budget.

I can plan one balanced meal, check its cost and explain my choices.

Today I can

[ ] I can name the food groups in my meal.

[ ] I can add the ingredient costs and stay within £2.00.

[ ] I can choose a safe three-step dish for next week and give a reason.

The design make evaluate cycle

Week 1: design and cost a meal. Week 2: prepare the agreed dish safely. Week 3: evaluate taste if tasted, cost and nutrition. Weeks 4–6 move to textiles. Keep real evidence at each step.

Our meal model

A cold bean and vegetable wrap, with fruit and plain yoghurt. Six ingredient costs total £1.40. A £2.00 budget leaves 60p. These prices are invented.

A useful explanation

I chose ___ because ___. It supplies ___. My meal costs ___ and stays within the budget because ___.

Resilience and change

If an ingredient or cost changes, revise the plan and check it again. A useful change still meets the brief.

In your book. Plan in any language. Speak, sign or direct an adult scribe where needed.

Balanced plate recap

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

A balanced eating pattern uses a variety of food groups. The meal you design is one part of what someone eats over time.

Food group	Useful choice	Example in our meal
Vegetables and fruit	Aim for plenty and a variety over the day.	Carrot, cabbage and apple
Starchy foods	Choose wholegrain or higher-fibre options when suitable.	Wholemeal wrap
Protein foods	Beans, lentils, eggs, fish or meat are examples.	Ready-to-eat beans
Dairy foods or alternatives	Choose an unsweetened, calcium-fortified alternative where needed.	Plain yoghurt
Oils and spreads	Use unsaturated types in small amounts when used.	No added oil is needed for this cold dish

The two largest groups in a balanced eating pattern are vegetables and fruit, and starchy foods. Include protein foods and dairy or suitable alternatives. Use small amounts of oils and spreads. Balance is built across the day or week; every meal does not need exact plate sections. Choose water as a drink. No calorie counting, weight talk or food judgement is needed.

The quantities in this pack are classroom planning examples. Appetite and individual needs vary. These examples do not set a diet or a nutritional target for each pupil.

Invented ingredient budget

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

Plan one meal for one person. Your ingredient-use budget is £2.00.

All prices are invented for this lesson. Each price covers the stated amount for one person. These are ingredient-use costs, not the cost of buying whole packs. No spending or shopping is required. Water is available at no charge in this classroom model.

Ingredient	Amount for one person	Invented cost
Wholemeal wrap	1 wrap	£0.35
Ready-to-eat cooked beans	80 g drained	£0.30
Carrot	60 g	£0.15
Cabbage	40 g	£0.10
Plain yoghurt	60 g	£0.20
Apple	1 small	£0.30
Cucumber	80 g	£0.20
Tomato	80 g	£0.25
Pear	1 small	£0.35
Fortified plain soya yoghurt alternative	60 g	£0.30

Use one price for each listed quantity. Half of a listed quantity costs half its price in this model. If a suitable replacement is not on the card, ask the adult to provide and record a new invented price before costing it.

No oil is added to the model wrap. The yoghurt is shared between the filling and the side serving, so charge its 60 g cost once.

My meal plan

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

In your book, use these headings. You can speak, sign or direct an adult scribe, then check your words. Keep your own choices and one-line reason.

My design brief

One person. Ingredient-use budget £2.00. A cold dish with a checked two- or three-step method. No food preparation today.

My dish and ingredients

Name your dish. List every ingredient, the amount for one person and the cost from the card. Include any fruit or yoghurt served alongside.

Ingredient	Amount	Cost
Write your list in your book	Use the card quantities	Add each once

My cost and reason

Total cost ___. Money left from £2.00 ___. My meal is balanced because ___ from ___ and ___ from ___. Add other groups that apply.

My next practical

I choose the three-step wrap method / an adult-approved adaptation ___. My ingredient swap is ___. Two safety actions I will use are ___ and ___.

My check

I checked the addition, the budget, the groups and my own one-line reason. One change I made was ___. Adult practical approval is approved / pending. Keep any unresolved check pending.

Three step dish for next week

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

Cold bean and vegetable wrap with fruit and plain yoghurt

For one person. Use the listed amounts. Total ingredient-use cost £1.40. No heat is required. This week, choose and rehearse the method. Prepare food only in the later supervised practical.

Ingredient	Amount
Wholemeal wrap	1 wrap
Ready-to-eat cooked beans	80 g drained
Carrot	60 g
Cabbage	40 g
Plain yoghurt	60 g
Apple	1 small

1 Prepare

With adult approval, wash the vegetables and fruit. Grate the carrot and finely slice the cabbage using the agreed tools. An adult can prepare these for you.

2 Mix

Use 80 g of ready-to-eat cooked beans, drained by an adult if needed. Mash with a fork. Mix in about 20 g of the plain yoghurt and the vegetables.

3 Assemble

Put the filling on the wrap. Fold it. Serve with the washed fruit and the rest of the yoghurt. Keep it chilled until eaten and follow the adult’s plan.

An adult opens tins and removes sharp lids before the activity. Use the approved allergy and access plan. Tasting is optional. Clean and clear the station at the end.

Kitchen safety and hygiene

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

Keep this card with your meal plan for the next supervised lesson. Ask the adult before handling any food or tool.

Before food

Tell the adult about dietary and access needs privately. The adult checks every ingredient label and the agreed allergy plan before ingredients are issued.

Clean hands and surfaces

Wash hands with soap and water before food preparation, after the toilet and after touching waste. Dry them well. Tie hair back, cover cuts and clean the work surface and tools.

Tools

Use knives, graters and open tins only with adult approval and supervision. Keep fingers away from sharp edges. Ask for pre-cut vegetables or adult help.

Food choice

Use beans labelled cooked and ready to eat. Dry beans need a different cooking process and are not used here. Keep ready-to-eat food away from raw food.

Chill

Keep chilled ingredients at 5°C or below, follow use-by dates and storage labels, and take out only what you need. The adult handles storage and any leftovers.

Eating and stopping

Tasting is optional. Never share a tasting spoon. If anything spills, breaks or feels unsafe, stop, put the tool down and tell the adult. Clear and clean using the agreed routine.

This model uses a wrap that contains wheat including gluten, and yoghurt that contains milk. Every actual ingredient still needs a label check. Soya is in the optional alternative. Tell the adult privately about needs. Tasting is your choice.

Meal plan evidence record

Design and Technology LAUNCH Spring 1 Week 1 Thursday 7 January 2027 P1 Year A

Outcome verbatim: FOODWISE: plan a balanced meal on a budget.

Evidence is the pupil's completed plan with a one-line balanced-meal justification. Keep it in the book and record its page here. This sheet is a prompt or adult record, not a replacement for the pupil's choices.

Actual date ___. Plan location or book page ___. Dish ___.

Planning feature	Check and brief comment
Dish and ingredient amounts	[ ] Shown [ ] More to do Comment ___
Ingredient costs and correct total	[ ] Shown [ ] More to do Comment ___
Total at or below £2.00	[ ] Shown [ ] More to do Comment ___
Pupil's own one-line balance reason	[ ] Shown [ ] More to do Comment ___
Two- or three-step dish selected for Week 2	[ ] Shown [ ] More to do Comment ___

Pupil voice and support

My reason in my own words ___. One change I made ___. Support used ___. Scribed words read back and confirmed yes / not yet.

Practical readiness is a separate check

Adult status approved / pending ___. Unresolved check ___. A plan is not proof of food preparation or tasting. Record practical evidence only when it happens.
