OPENING RESILIENCE & CHANGE

A balanced meal on a budget

I can plan one balanced meal, check its cost and explain my choices.

Weekly outcome

FOODWISE: plan a balanced meal on a budget.

In your book. You may speak, sign or direct an adult scribe.

ARRIVAL 5 MINUTES

The design brief

One meal for one person.

An invented ingredient-use budget of £2.00.

Today we plan. Next week we prepare the agreed dish.

You may plan with an adult. Keep home spending private.

STARTER 3 MINUTES

A balanced eating pattern

Food group	In the model meal
Vegetables and fruit	Carrot, cabbage and apple
Starchy foods	Wholemeal wrap
Protein foods	Ready-to-eat cooked beans
Dairy foods or alternatives	Plain yoghurt
Oils and spreads	Small amounts when used. None added here.

Balance builds across the day or week. Choose water to drink.

I DO 5 MINUTES

The model meal cost

Ingredient	Amount for one person	Cost p
Wholemeal wrap	1 wrap	35
Ready-to-eat cooked beans	80 g drained	30
Carrot	60 g	15
Cabbage	40 g	10
Plain yoghurt	60 g	20
Apple	1 small	30
Total		**140**

140p = £1.40. £2.00 - £1.40 = 60p left.

WITHIN I DO NEXT WEEK'S METHOD

A cold bean and vegetable wrap

1 Prepare: wash produce and use the agreed tools.

2 Mix: mash ready-to-eat beans, then add yoghurt and veg.

3 Assemble: fill and fold the wrap. Serve fruit and yoghurt.

An adult checks labels and tools first. Tasting is optional.

WE DO 7 MINUTES

A change within the budget

The apple costs 30p. The pear costs 35p.

Remove the apple cost, then add the pear cost.

£1.40 - £0.30 + £0.35 = £1.45

£2.00 - £1.45 = 55p left.

What stays balanced when the fruit changes?

WE DO 2 5 MINUTES

The cost check

A plan costs £1.40. The budget is £2.00.

How much money is left?

A 60p B £1.40 C £3.40

Explain your choice.

INDEPENDENT 8 MINUTES

My meal plan

In your book: name the dish and list ingredient amounts.

Add the prices. Find the money left from £2.00.

Give one reason why your meal is balanced.

Keep a three-step method for next week.

WITHIN INDEPENDENT ONE ROUTE AT A TIME

Supported Standard or Stretch

Supported	Standard	Stretch
Choose apple or pear for the model wrap.	Choose or adapt the model meal.	Finish the core plan first.
Check off each price once.	List amounts and calculate cost.	Cost a second version with two swaps.
Add in pence with support.	Explain the food groups.	Compare cost and likely texture.
Give a reason for your meal.	Keep a method and two safety actions.	Justify your choice and a price limitation.

REVIEW 4 MINUTES

A plan ready to use

Check the total against the £2.00 limit.

Name the food groups and read the one-line reason.

Make one correction if needed.

Keep your plan and the adult’s readiness check.

WITHIN REVIEW NEXT WEEK'S PRACTICAL

Kitchen safety and hygiene

Clean hands, work surfaces and tools.

Use ready-to-eat beans and adult-approved tools.

The adult checks labels and dietary needs privately.

Keep chilled ingredients cold. Stop if anything is unsafe.

Tasting is optional. Today we plan without handling food.

EXIT 3 MINUTES

My design choice

My meal costs ___ and leaves ___.

It is balanced because ___.

Next week I will prepare ___, subject to the adult check.
