Evaluation activity prompts

LAUNCH Design and Technology Spring 1 Week 3 Thursday 21 January 2027 P1 Year A Resilience and Change

Use these prompts in your book with your actual evidence. No food is needed.

1 Find the evidence

Find the actual plan, cost record, safe-working notes and any checked food-only photo. Name what is present and what is missing.

2 Check each claim

Use a recorded taste note only for taste. Use a photo or actual plate record for appearance. Recheck the portion cost and food groups.

3 Choose one improvement

Name a real strength or limit, then one useful change and why. Say how you would check whether the change helped.

Your own decision

Choose one strength or limit. Give one future improvement, a reason and a way to check it. A prediction is not a result.

No food is needed today. Do not bring or taste the Week 2 food a week later. Use the actual Week 2 notes or a checked food-only photo. If taste was not tried and recorded, write taste not assessed. A photo cannot prove taste. Any fresh tasting would be a separate, newly cleared food activity and is not required here.
