Stretch route

LAUNCH Design and Technology Spring 1 Week 3 Thursday 21 January 2027 P1 Year A Resilience and Change

I can use real evidence to review my dish, check its cost and choose one improvement.

1. Complete the core honest review first.
2. Compare the actual dish with the Week 1 design and explain a real change.
3. Cost a second version or show the effect of portion number on a batch cost.
4. Weigh cost, likely practical demands and food-group balance. Keep predictions separate from findings.

Own evidence

Use actual records, your own words and one reason. Taste not tried and recorded stays not assessed. Keep missing work pending. An adult can read your confirmed words back.
