Stretch making pack

Design and Technology LAUNCH Spring 1 Week 5 Thursday 4 February 2027 P1 Year A

I can use my checked design to measure, cut and join accurately with safe support.

Use the actual approved design. Wait for the adult's tool and support checks.

1. Complete the core making and accuracy check first.
2. Compare planned and actual measurements on both pieces.
3. Explain how an even join and flat thread help the pouch meet its purpose.
4. Justify a real correction or identify one change for the next making session.

My actual record

In your book: design reference ___. Actual width and height ___. Seam guide ___. What I did ___. What the adult did ___. Join stage ___. One real correction or next step ___.

Safe access

Rehearse in any language. Point, speak, sign or direct an adult. Keep the agreed supervision. A paper model or empty-hand rehearsal is simulation and leaves textile practical evidence pending.
