Aspire route

I can develop my piece and explain my changes.

1. Complete the core making task.
2. Compare the first version and a new test.
3. Explain which effect fits the intention.
4. Use or decline feedback with a reason.

Keep your evidence

Use your book or arts log. Keep actual tests, work or a witnessed sequence. Say what you chose and why.

You may point, speak, sign, draw or direct an adult.

Optional next level stretch

Compare your first and current versions against the Week 2 skill goal and Week 3 intention. Explain one feedback decision. Say what the tests show and what they do not show. Set a specific next practice step.

Keep actual versions or witness notes, pupil evaluation, feedback decision with reason and next skill goal.

Your Explore work is complete without this task. Extra evidence can inform a later level review; it does not certify a higher award.
