Star 2

Wish and change

Use your own real work. Look, listen or watch a short part. Point, speak, sign or ask an adult to scribe.

Star one

Find one part that works. Point to it or show it. Say why it fits your idea.

Star two

Find a second part that works. Give a real detail, such as a gap, mark, sound or pause.

One wish

Choose one small change. Test it, then make a real revised piece or sequence. Keep the first version or a clear note. A new print can be a revised version on fresh paper.

My two stars are ___ and ___.

My wish is ___. I changed ___ because ___.
