Creative Arts Spring 1 Week 5 guide

Use the dated lesson for the pathway. Each edition is a complete portable pack. Pupils use books or their existing arts log first. Print pages support access.

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 5 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

This week

BUILD Spring 1 Week 5 Monday 1 February 2027 P5 Year A Explore - Two stars and one small wish

BUILD Spring 1 Week 5 Tuesday 2 February 2027 P1 Year A Explore - Making one real improvement

GROW Spring 1 Week 5 Monday 1 February 2027 P6 Year A Explore - Review and choose one change

GROW Spring 1 Week 5 Wednesday 3 February 2027 P5 Year A Explore - One real revision and its effect

BUILD two stars and a wish

Choose one actual piece or original sequence from Weeks 2 to 4. Use the picture prompts and words to identify two specific features that work. Choose one small achievable wish, test it and make a real revision. A new print can be a new revised version; keep the first version and compare the same form.

GROW review against the plan

Use the actual Week 3 plan and current work. Review the intended resilience idea, features, form and progress. Choose one improvement. Make and log a real revision, explaining the actual effect rather than assuming every change improves it.

Private opt in peer comment

At most one peer comment is invited, only if maker and peer agree. The maker chooses a small part to share privately. No class display or public performance is used for this task. Either pupil can withdraw. If no peer route is used, record that and use a staff comment or self-review. A peer response is never fabricated.

Keep the established log

Continue A Take Part, B Explore, C Create, D Share and Evidence Index if used. Add actual dates, the review, chosen revision, effect and support. Retain the original state and new version or precise observed sequences. Missing work is replaced with a fresh honest starting point today, never invented earlier evidence.

Review and revision guidance

What counts as a revision

A pupil actually makes a chosen change to a feature or a new version of the same response. A changed gap, clearer mark, revised pause or reordered original phrase can be manageable. A decision merely to keep a feature does not replace the requested revision this week. If a trial does not help, retain the real change and evaluation, then set a next step.

Same form and access

Compare like with like where possible. If access requires a new form, retain the earlier record, explain the reason, make a new starting point for that form and compare its real revision. A physical print, movement response and spoken piece are labelled truthfully. No tool or recording device is required for participation.

Non specialist teaching

Point to a concrete feature before naming a strength. Model one small wish, try it on a spare or in a quiet rehearsal, then compare. Keep the maker in control. Adult material handling or scribing is allowed when the pupil directs choices and confirms the words.

Explore and optional stretch

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 5 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

Each GROW lesson has one clearly labelled extra task. Additional reasons, feedback decisions and evaluation can support later progression. Explore learning stands complete without the extra task. No whole award completion is claimed.

Where this leads

Artists, designers and performers test ideas and explain their choices. These skills help when working to a brief.

Next return

Week 6 follows separately from row 93 as the assessing week. Pause for Downloaded after this Week 5 return.
