My research and arts learning

Weekly outcome: Research an artist or performer who inspires me (Bronze).

I can explain how an artist inspires me and keep an honest record of my learning.

Today I can

I can explain checked facts in my own words.

I can give a specific reason and an original next idea.

I can share privately and review all six outcomes.

Words to use

research: Find out about a question using a source.

source: Where a fact or account comes from.

career: The work a person does over time.

inspire: Give someone an idea or reason to try.

fact: Information that we can check.

view: What someone thinks or feels about the work.

In your book or arts log. You may speak, sign, point, draw or direct an adult. Plan in any language.

Activity prompts

GROW Spring 1 Week 6 Wednesday 10 February 2027 P5 Year A Explore

Use your own book or arts log. These prompts do not count as completed evidence.

1 Choose

Choose one artist and a question.

2 Find

Read or hear the source note. Pick a career fact and a work fact.

3 Explain

Cover the note. Explain the meaning in your own words.

4 Check

Check accuracy, name the source and add your own response.

Your own words

Name a career fact, a work fact and the source.

Read or hear your words back. Correct anything that does not match your meaning.

Research note M1 Henri Matisse

GROW Spring 1 Week 6 Wednesday 10 February 2027 P5 Year A Explore

Original factual summary. No artwork, quotation or copied passage is supplied.

Henri Matisse made paintings and drawings. Later, he made art with cut paper.

His helpers painted sheets of paper. He cut shapes from the sheets. He chose where the shapes went.

Pins held the shapes in place. He could try a new layout before fixing them. For large works, he asked helpers to move the shapes.

A question to explore

How did Matisse test and change a layout?

A personal response example

Moving shapes might inspire me to try more than one layout. This is my idea about his method, not a claim about his private feelings.

Source record

Printed research note M1 in this pack. Based on a museum studio-method account titled Henri Matisse The Cut Outs. Checked 30 October 2026.

Read or hear the note. Cover it. Explain its meaning in your own words. Check it again. Record the note label and title.

Research note T1 Alma Thomas

GROW Spring 1 Week 6 Wednesday 10 February 2027 P5 Year A Explore

Original factual summary. No artwork, quotation or copied passage is supplied.

Alma Thomas was an art teacher. She made art too. She retired from teaching in 1960. She went on to make more paintings.

Her later art has small marks of bright colour. The marks often form a pattern. Her abstract art uses marks and shapes.

Plants and gardens gave her ideas. Space travel gave her ideas too.

A question to explore

What changed in her career, and what features appear in her later paintings?

A personal response example

Her repeated marks might inspire me to vary the gaps in my own piece. This is my personal response, not a copy of a painting.

Source record

Printed research note T1 in this pack. Based on a museum collection biography titled Alma Thomas. Checked 30 October 2026.

Read or hear the note. Cover it. Explain its meaning in your own words. Check it again. Record the note label and title.
