

Final computing evidence check

AQA 71638 Programming with Scratch unit 6 Level One

Pupil: _____ Class: _____ Review date: _____

Staff use this local checklist to find each pupil's own evidence. Record completed outcomes on the official AQA summary sheet. Leave an outcome pending when the required demonstration is missing. Eight lessons alone do not establish that every pupil has completed the unit.

Outcome focus	Pupil action and file or observation reference	Date and support
1 Three sprites	Created Maze, Player and Finish. Reference: _____	
2 Controls	Created arrow-key control code. Reference: _____	
3 Wall rule	Created a consequence for maze contact. Reference: _____	
4 Win	Created the win response. Reference: _____	
5 Complexity	Added a feature that changes gameplay. Reference: _____	
6 Testing	Tested the game. Reference: _____	

Pending work and the next step

Outcome and remaining action

Support or extra time agreed

Teacher: _____ UAS lead review: _____
