PSHE · GROW · Spring 1 Week 3 · 18–22 January · up to five learners

Exact outcome

Understand mental health and where to get support.

Learning

Everyone has mental health. Possible signs may suggest support; they do not diagnose. Model A then choose map B or advice note C. Each includes definition, clue, support type and reason, private opener and fallback. One optional personal line stays with the pupil.

0–5	Arrival and starter
5–10	Input
10–17	Model and guided choice
17–22	Private hinge and task choice
22–34	Main task and optional keep card
34–38	Review, one NS and reply
38–40	Private exit

Access and cover

Supported, Independent and Aspire can choose either task. Book, typed Evidence page 2, aid or exact scribe with readback. No public questioning. Keep banks, starters, models and usual aids. Cover follows supplied cases and definitions; no live search or personal symptoms.

Evidence and support

Save fictional work only, with actual access and cues. No private card collected. Any disclosure goes to the safeguarding lead through school procedure. Pre-agree a discreet supervised pause and supported return. A pupil without a trusted adult is supported, not pressed.

Next steps

This helps me ask for support when learning, joining a group or doing future work. Offer to the Communication portfolio; staff confirm mapping. Formative lesson; no completed evaluation is supplied.
