STAFF ANSWERS · continued

Starter

Answer (adult): The hurt traveller; accept pointing, a brief word or pass. This is one observation, not the full caring-act explanation.

We Do

Answer (adult): Helper asks which book and/or passes the chosen book, helping the person access the wanted book.

You do routes

Arrival Answer (adult) fields above render staff-only. Main task: Stopping, tending the traveller, taking them to rest or funding continued care, linked to the traveller receiving needed care. Do not require belief or agreement with religious claims. No medical enactment. Neutral club route: bringing the requested larger-print card helps the visitor read it, with a check that it suits them; accept own source-linked words, marks or directed placement.

Choice requires a pupil-owned word/phrase/reason as well as a selection. Scribing/pointing counts only as the pupil's own directed response, with actual support recorded. No assertion about a pupil's faith, private life or feelings is required.

Feedback/evidence agreement: Same-day evidence — BUILD-RE-S1-W01: the teaching adult is the designated live-capture adult. Capture a pupil-arranged/pointed caring choice with an exactly scribed reason, or the chosen record, using a work-only photo, brief clip or one-line note. Record mode, actual source access, route, I/S/C, exact prompt and before/after-model status. Audience: this adult receives the whole response, names its change or reason back and checks it before tagging. Influence: use that response to select a next teaching step; record actual influence after teaching. Upload the selected item to the evidence app the same day in the 14:10–14:30 check-out slot, labelled BUILD-RE-S1-W01. E marks capture/upload, not closure. R requires both adult receipt and a shaped next step; a photo, a refusal or completion alone never earns R. The subject lead samples weekly; BUILD's daily expectation is not claimed met by a planned lesson.
