Words for stress and change

Use these words with the invented learner. Ask for reading help or plan in any language first.

Word	Meaning
Stress	A response to pressure or change. It may affect body, thoughts, feelings and actions.
Sign	A possible clue. It can have other causes and does not prove a condition.
Reframing	Checking what is known and trying a fairer way to view a situation.
Breathing	Letting air come in and out gently at a comfortable own pace.
Movement	A safe familiar way to move that suits the person and their access plan.
Adapt	Change an option so that it fits the person or situation.
Support	Help from a safe person or route, including help to change a problem.

A sentence frame

The learner could try ___ because ___. They could ask ___ for ___. If the option does not fit, ___.

Private help

Use the agreed pause signal or ask trusted school staff privately. Personal details are not needed for class tasks.
