Evidence of a respectful design plan

Tuesday 2 February 2027 | P2 | 40 minutes | Year A

Humanities | LAUNCH | Spring 1 Week 5 | HUM-LAUNCH-S1-W05

White paper version. Read quietly, point, write, type, speak privately or direct a scribe. You may pass. No public answer or reading aloud is required.

Learning outcome: Create a respectful digital memorial.

HUM-LAUNCH-S1-W05-E1 | Actual date _____ | Route _____

Keep the design in the learner's book or plain offline document. This is an adult record of where it is held, not a write-on pupil task.

Part	What to check in the learner's own plan
Title and dedication	Clear purpose and the learner's own words; no individual victim names.
Three facts	Distinct checked facts from F1–F4/F6, meaning kept and codes shown.
Own symbol	Original described or privately sketched idea, with an explanation.
Responsibility today	Safe, general line; no forced pledge or confrontation.
Respect check	Tone, accuracy and dignity; one change and a reason.
Privacy	Paper or plain offline document only; no share, export or upload.

Adult record of actual evidence

Book or offline work reference _____ Mode / help _____

Own design choice / fact codes _____

Exact reading access _____ Reasoning help _____

Adult reply / NS _____ Learner response _____

Deferred work _____ Actual offline review _____

Offer to the Communication portfolio as paper or offline work only. An adult replies to the learner's own idea with one NS (next step). The learner responds in the same colour, on the same page or usual mode before R. Record the work location and actual help offline. Leave E unmarked in this lesson. Do not use an evidence app, export, share or upload the design. A partner's answer is not both learners' evidence.
