Word	Meaning
account	Writing that explains what happened and why it mattered.
evaluate	Weigh evidence and limits to reach a view.
source	A record, object or later account used to study the past.
summary	A short explanation of selected main points.
maker	The person or group who made a record or account.
purpose	Why something was made.
claim	A statement that needs support.
trust	How far a source supports a particular claim.
limit	What a source or claim cannot show.
check	Compare with other evidence.
plaintiff	A person who brings a case to court.
evidence index	A list showing where actual work is kept.

Plan in any language. Because gives a reason; however adds a limit. Useful for a claim does not mean true for every purpose.
