BUILD Careers · Spring 2 Week 1 · Public edition

What employers value

Unit: Resilience & Change — Work-ready resilience

Theme: Resilience & Change. Five teaching weeks. Week 5 is the closing lesson and brings rows 26 and 27 together. Group: up to five learners. Supported is the default.

Exact lesson outcomes

I can identify at least four behaviours employers value, such as reliability, communication, effort and safety.

Source: BUILD Careers scheme, Spring 2 rows 22. Focus and outcomes supplied verbatim in the current brief.

Prepare and purpose

Teach useful habits with invented, unnamed workplaces. Books, pens, Support Cards, Vocabulary Mat and Evidence Sheet. Print cards as reusable references. No write-on pupil sheets, internet, login or personal phone is needed. Read the exact outcome aloud and explain the short goal.

Where this leads: These skills help in a shop, a kitchen, a store room or any future job.

Thread tags: SMSC S/So; British Values IL/MR. Respectful speech, a private choice of response and safe help-seeking are practised.

Forty minute sequence

Phase	Min	Main action
Arrival and retrieval	5	In your book: write the title or ask for a scribe. Name or draw one job. Point to the safer choice.
I Do	8	Listen. Then say or point: 'Please show me the next step.'
We Do	10	Match each action to a word. Say: 'This shows ... because ...' Choose the safe next step. Tell a partner why.
You Do	12	In your book: name or draw the four ways to do a job well. Add an action for each. Use your route card.
Review and exit	5	Check: I named four ways. I gave an action. I chose a safe step. Say or point to all four words. Choose one to practise next time.

Teaching and checks

Arrival and retrieval 5 minutes

Use a calm visual start. Read the pupil goal aloud. Explain that all workers and workplaces are made up. Recall a job and choose between leaving a box in a doorway or putting it in its safe place. Take a reason; accept pointing or a scribed reply.

I Do 8 minutes

Read the worked example. Think aloud while matching one action to reliability. State all four behaviours and show one short example of each. Check understanding: 'If I do not know the next step, what can I say?'

We Do 10 minutes

Read the four scenario cards one at a time. Match them to the four behaviour word cards as a group. Accept more than one match when the pupil explains it. Ensure every pupil identifies all four behaviours, with the chosen support recorded. Use the hinge question. Ask all pupils to show their choice at once. If any pupil chooses the unsafe option, model stopping and asking, then use the parallel hinge. If all choose correctly, ask why the other option is unsafe and fade the word prompt.

You Do 12 minutes

Offer the three routes. Read aloud on request. Record the behaviour names a pupil recognises and how they show understanding. Do not judge spelling or handwriting. Give one brief next step.

Review and exit 5 minutes

Invite a pupil to share one action. Ask peers to identify its behaviour. Prompt any missing behaviour so the four are revisited. Return to the success criteria. Use the exit prompt and record a concise note on the Evidence Sheet. Offer an oral answer, pointing or scribing. Link the same skill to any future work task.

Model and fade

I look for what the worker agreed to do. The worker did that task. This shows reliability. The clear message also shows communication.

A worker is not sure how to stack the empty trays. The worker asks, 'Please show me the safe way.' This shows ____ because ____.

Hinge and parallel recheck

Main: A tool looks broken. You have not been taught to fix it. What is the best next step? A: Try it quickly so the job is done. B: Keep clear and tell the agreed adult. Key B.

Parallel: A worker sees a loose cable across a walkway. What should the worker do? A: Keep clear and tell the agreed adult. B: Step over it and say nothing. Key A.

If any pupil chooses A or cannot explain B, model stop, keep clear and tell. Use the parallel hinge before releasing the task.

Access evidence and feedback

Supported

In your book: match all four word cards to the four action cards. Point or tell an adult. Add one action for each word; an adult may scribe your words.

Independent

In your book: write the four work words. Give one short action for each. Use the word bank if you need it.

Aspire

In your book: name all four work skills and give an action for each. Then choose a new job task. Show how two skills can help at the same time.

Planned adaptations

Cognition and Learning: Pre-teach the four words with one action each. Read one card at a time. Keep the four-word bank visible. Model one match, then fade the model.

Communication and Interaction: Offer pointing, oral rehearsal and a choice of two words before all four. Give wait time. Use the same short sentence stem across the lesson.

SEMH: Use third-person made-up workers. Let a pupil pass in whole-group talk and answer privately. Praise a specific safe action. Offer a calm reset and a clear route back.

Sensory and Physical: Use large print with space between cards. Offer an uncluttered view, a seated role and a scribe. Do not require handling real tools or hazards.

EAL: Plan in any language. Pair each word with a concrete action. Accept an oral answer or drawing and model the short English phrase afterwards.

Prompt ladder and adult focus

1 Point to the place or instruction. 2 Ask a short question. 3 Rephrase the instruction. 4 Provide a scaffold or choice. 5 Model the first step only, then return the task.

I do: Point to the behaviour word as it is modelled. Check the pupil can identify one safe action.

We do: Prompt with the word bank before offering a choice. Note all four behaviours recognised and the prompt used.

Independent: Use the prompt ladder. Scribe only the pupil's own words. Fade help and record one next step.

Record what is shown

Keep the actual response to: Reliability and an action; Communication and an action; Effort and an action; Safety and an action. Record date, work reference, response route, usual access, supplied answers and prompt level. A pass or missing work is not yet seen; say which. Do not count the adult model as independent work.

VF verbal feedback; WS worked with support; I independent; NS next step; // self-edit; ? read back; E actual evidence saved; R responded. R follows Voice and Audience, one NS and the pupil reply in the same colour, on the same page or usual mode. Add to Careers Portfolio. Offer to the Communication portfolio.

Evidence may contribute to the unit award. Staff check actual evidence; the lesson does not automatically confirm an award. Ask a trusted adult for a private talk. Point to HELP, write or use your aid. You may pass, pause and return with help. No personal story is needed.

Use the normal concern route if a pupil shares a worry. Listen without probing or promises of secrecy. Keep private concerns outside portfolio work.
